## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

#### Notice of Issuance of Permit for Marine Mammals

On August 7, 2001, a notice was published in the **Federal Register** (66 FR 41260) that an application had been filed with the Fish and Wildlife Service by Terri M. Williams, University of California, Santa Cruz, California, for a permit (PRT-045447) to take Southern sea otters (*Enhydra lutris nereis*) for the purpose of scientific research.

Notice is hereby given that on January 8, 2002, a permit (MA045447-0) was issued by the Fish and Wildlife Service, as authorized by the provisions of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and subject to certain conditions set forth therein.

Documents and other information submitted for these applications are available for review by any party who submits a written request to the U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203, telephone (703) 358-2104 or fax (703) 358-2281.

Dated: January 11, 2002.

**Michael S. Moore,**

*Senior Permit Biologist, Branch of Permits, Division of Management Authority.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

### Fish and Wildlife Service

[INT-DES-01-44]

#### Imperial Irrigation District Water Conservation and Transfer Project, Draft Habitat Conservation Plan, California

**AGENCIES:** Bureau of Reclamation and Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability of a draft environmental impact report/ environmental impact statement (EIR/ EIS).

**SUMMARY:** The Bureau of Reclamation (Reclamation) has issued a draft EIR/EIS

on Imperial Irrigation District's (IID) proposed project that would conserve and transfer the right to use up to 300,000 acre-feet per year of Colorado River water, which IID is otherwise entitled to divert for use within IID's water service area in Imperial County, California. The conserved water would be transferred to San Diego County Water Authority (SDCWA), Coachella Valley Water District (CVWD) and/or The Metropolitan Water District (MWD). These transfers, which are to remain in effect for up to 75 years, would facilitate efforts to reduce California's diversion of Colorado River water in normal years to its annual 4.4 million acre-feet apportionment. Approval of the Secretary of the Interior (Secretary) will be required to change the point of delivery for the transferred water. In addition, IID has applied for a permit with Fish and Wildlife Service (FWS) pursuant to section 10(a)(1)(B) of the Endangered Species Act (ESA). This Section 10 permit would authorize the incidental take of covered species associated with the proposed water conservation and transfer project, as well as IID's ongoing operation and maintenance activities. As a condition of applying for a Section 10 permit, IID has developed a Habitat Conservation Plan (HCP) in consultation with FWS and the California Department of Fish and Game, which is appended to the draft EIR/EIS. The HCP would provide measures to minimize and mitigate the effects of the proposed taking of listed and sensitive species and the habitats upon which they depend.

Both Reclamation's approval of the change in point of delivery of Colorado River water and FWS' approval of the HCP and issuance of a Section 10 permit are Federal actions that require compliance with the National Environmental Policy Act (NEPA) of 1969, as amended. This draft EIR/EIS has been prepared pursuant to NEPA and the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions of NEPA, and is being issued by Reclamation as the lead agency. The FWS is a cooperating agency. Both agencies intend to use the EIR/EIS document to issue separate Records of Decision. This document also serves as IID's compliance with the California Environmental Quality Act (CEQA), and is therefore a combined draft EIR/EIS. Public hearings will be held to receive written or verbal comments on the draft EIR/EIS. Notice of hearings will appear at a future date.

**DATES:** A 90-day public review and comment period begins with the filing of the draft EIR/EIS with the

Environmental Protection Agency. Written comments must be received no later than April 12, 2002 (see **ADDRESSES** below).

**ADDRESSES:** Send written comments to one of the following: Mr. Bruce Ellis, Chief, Environmental Resources Management Division, Bureau of Reclamation, Phoenix Area Office (PXAO-1500), PO Box 81169, Phoenix, AZ 85069-1169; fax number (602) 216-4006; Mr. Elston Grubaugh, Manager, Resource Planning and Management Department, Imperial Irrigation District, PO Box 937, Imperial, CA 92251, fax number (760) 339-9009.

A read-only downloadable copy of the draft EIR/EIS document is available on the Internet at <http://www.is.ch2m.com/iidweb>. A copy of the draft EIR/EIS is also available upon request from Ms. Janice Kjesbo, Bureau of Reclamation, Phoenix Area Office (PXAO-1500), PO Box 81169, Phoenix, AZ 85069-1169, telephone (602) 216-3864, faxogram (602) 216-4006. A copy of the draft EIR/EIS is also available for public inspection and review at the locations listed under **SUPPLEMENTARY INFORMATION** below.

#### FOR FURTHER INFORMATION CONTACT:

Questions regarding the draft EIS should be directed to Mr. Ellis at the address provided above, or telephone (602) 216-3854. For information related to the HCP, please contact Ms. Carol Roberts at the Carlsbad FWS office, telephone (760) 431-9440.

**SUPPLEMENTARY INFORMATION:** The terms of IID's water conservation and transfer transactions are set forth in the "Agreement for Transfer of Conserved Water" (IID/SDCWA Transfer Agreement), executed by IID and SDCWA in 1998 (as amended), and a proposed Quantification Settlement Agreement (QSA) to be executed by IID, CVWD, and MWD. The QSA establishes a framework of conservation measures and water transfers within southern California for up to 75 years, and would facilitate California's efforts to reduce its diversions of Colorado River water in normal years to its annual 4.4 million acre-feet apportionment, thus benefiting the entire Colorado River Basin. It would authorize the transfer of up to 200,000 acre-feet to SDCWA pursuant to the IID/SDCWA Transfer Agreement, and provide for the transfer of up to 100,000 acre-feet of water conserved by IID to CVWD and/or MWD.

The Secretary of the Interior (Secretary), pursuant to the Boulder Canyon Project Act of 1928 and *Arizona v. California* 1964 Supreme Court Decree (376 U.S. 340), proposes to take Federal actions necessary to support

California's efforts. One of these actions is execution of an Implementation Agreement (IA) that would commit the Secretary to make Colorado River water deliveries to facilitate implementation of the QSA. The Secretary's execution of the IA is the subject of Reclamation's IA, Inadvertent Overrun and Payback Policy, and Related Federal Actions Draft EIS (INT-DES 01-44), which was recently distributed for public review and comment (67 FR 1988). Impacts to the Colorado River, that would result from the change in point of delivery of IID's conservation and transfer of up to 300,000 acre-feet of Colorado River water, are incorporated into an analysis of all changes in the point of delivery proposed in the IA and included in the QSA.

The draft EIR/EIS identifies and summarizes the impacts to the Colorado River associated with IID's proposed change in point of delivery of up to 300,000 acre-feet of Colorado River water, under either the IID/SDCWA Transfer Agreement or QSA. It also describes the anticipated impacts associated with the water conservation measures to be undertaken. IID's proposed methods of conserving the water to be transferred, and use of that water, are also described in the draft EIR/EIS.

IID has applied for a Section 10 permit under which FWS would authorize the incidental take of a number of federally listed species, as well as other sensitive species that are being considered for listing, within the IID water service area, the right-of-way of the All American Canal, and the Salton Sea. The draft EIR/EIS also includes a description of impacts that are anticipated to occur from IID's implementation of an HCP for affected species, once it is approved by FWS.

Copies of the draft EIR/EIS are available for public inspection and review at the following locations:

- Department of the Interior, Natural Resources Library, 1849 C St., NW., Washington, DC 20240.

Written comments received by Reclamation or IID become part of the public record associated with this action. Accordingly, Reclamation makes these comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: January 8, 2002.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-436]

### Apparel Inputs in "Short Supply" (2002): Effect of Providing Preferential Treatment to Apparel From Sub-Saharan African and Caribbean Basin Countries

**AGENCY:** United States International Trade Commission.

**ACTION:** Institution of investigation.

**SUMMARY:** Following receipt of a request from the United States Trade Representative (USTR) on January 14, 2002, the Commission instituted investigation No. 332-436, *Apparel Inputs in "Short Supply" (2002): Effect of Providing Preferential Treatment to Apparel from Sub-Saharan African and Caribbean Basin Countries*, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)) to provide advice in connection with requests filed in 2002 with respect to the "short supply" provisions of the African Growth and Opportunity Act (AGOA) and the United States-Caribbean Basin Trade Partnership Act (CBTPA). The Commission conducted a similar investigation in 2001 to provide advice with respect to requests filed that year. During 2001, the Commission conducted 10 "short supply" reviews under investigation No. 332-428, *Apparel Inputs in "Short Supply" (2001): Effect of Providing Preferential Treatment to Apparel from Sub-Saharan African and Caribbean Basin Countries*.

**FOR FURTHER INFORMATION CONTACT:** For general information, contact Jackie W. Jones (202-205-3466; [jones@usitc.gov](mailto:jones@usitc.gov)) of the Office of Industries; for information on legal aspects, contact William Gearhart (202-205-3091; [wgearhart@usitc.gov](mailto:wgearhart@usitc.gov)) of the Office of the General Counsel. The media should contact Margaret O'Laughlin, Public Affairs Officer (202-205-1819). Hearing impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information about the Commission may be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS On-Line) <http://dockets.usitc.gov/eol/public/>.
