[Docket No. RP03-207-000]

Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

December 24, 2002.

Take notice that on December 18, 2002, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets, effective January 1, 2003:

Fifty-Seventh Revised Sheet No. 8A
Forty-Ninth Revised Sheet No. 8A.01
Forty-Ninth Revised Sheet No. 8A.02
Seventh Revised Sheet No. 8A.04
Fifty-Second Revised Sheet No. 8B
Forty-Fifth Revised Sheet No. 8B.01
Second Revised Sheet No. 8B.02

FGT states that in Docket No. RP02-513-000 filed on August 29, 2002, it filed to establish a Base Fuel Reimbursement Charge Percentage (Base FRCP) of 3.01 % to become effective for the six-month winter period beginning October 1, 2002. Subsequently, on November 19, 2002, in Docket No. RP03-80-000, FGT filed a flex adjustment of (0.26%) to be effective December 1, 2002, which, when combined with a Base FRCP of 3.01% resulted in an Effective Fuel Reimbursement Charge Percentage (Effective FRCP) of 2.75%. FGT states that in the instant filing, it is filing a flex adjustment of (0.24%) to be effective January 1, 2003, which, when combined with the current Effective FRCP of 2.75%, results in a new Effective FRCP of 2.51%.

FGT states that this filing is necessary because it is currently experiencing lower fuel usage than is being recovered in the Effective FRCP of 2.75%. Decreasing the Effective FRCP will reduce FGT's overrecovery of fuel and reduce the unit fuel surcharge in the next winter period.

FGT states that the tariff sheets listed above are being filed pursuant to section 27.A.2.b of the general terms and conditions of FGT's Tariff, which provides for flex adjustments to the Base FRCP. Pursuant to the terms of section

27.A.2.b, a flex adjustment shall become effective without prior FERC approval provided that such flex adjustment does not exceed 0.50%, is effective at the beginning of a month, is posted on FGT's EBB at least five working days prior to the nomination deadline, and is filed no more than 60 and at least seven days before the proposed effective date. The instant filing comports with these provisions and FGT has posted notice of the flex adjustment prior to the instant filing.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or TTY, contact (202) 502-8659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Intervention Date: December 31, 2002.

Linwood A. Watson, Jr.,

Deputy Secretary.

[Docket No. CP03-22-000]

In the Matter of Southern Natural Gas Company and ANR Storage Company; Notice of Application

December 23, 2002.

Take notice that on December 10, 2002, Southern Natural Gas Company (Southern) P.O. Box 2563, Birmingham, Alabama 35202-2563, and ANR Storage Company (ANR), P. O. Box 2511, Houston, Texas 77252, filed an abbreviated joint application pursuant to section 7(b) of the Natural Gas Act, as amended, and sections 157.7 and 157.14 of the Commission's regulations for authorization to abandon the storage services, previously authorized in Docket No. CP79-416 (12 FERC "61,194), rendered under ANR's X-9 and X-10 Rate Schedules on behalf of Southern effective as of March 31, 2002. The application is on file with the Commission and open to public inspection.

ANR states that it has provided storage service on behalf of Southern pursuant to ANR's Rate Schedules X-9 and X-10 and pursuant to the terms of storage service agreements (the "Agreements") dated January 31, 1979, and February 1, 1979, respectively. This service involves ANR making storage available to Southern pursuant to storage agreements whereby ANR will store during the summer periods up to 11,503,000 Mcf of natural gas and during the winter periods will make equivalent volumes of gas available for redelivery to Southern. The January 31 agreement provided for a 50-day storage service of up to 5,881,900 Mcf of gas while the February 1 agreement provided for a 100-day storage service of up to 5,620,800 Mcf of gas. The Agreements provided that Southern could elect to defer redelivery, from one contract year to the next, of all or any part of the volumes stored. Since Southern requested termination of the service under ANR's X-9 and X-10 Rates Schedules, ANR has requested that the abandonment of Rate Schedules X-9 and X-10 be effective March 31, 2003.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 31, 2002, file with the Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene or protest in accordance with the requirements of the Commission's rules of practice and procedure, 18 CFR
