

many questions will only be directed to a subset of respondents who report the existence of particular programs or activities.

No changes in content are proposed for the current version of the *Survey*. Note that the title of the survey has been modified from “*Survey of State Underage Drinking Prevention Policies and Practices*” to “*Survey of State Underage Drinking Prevention Policies, Programs, and Practices*” to better reflect the subjects addressed by the *State Survey* questions.

To ensure that the *State Survey* obtains the necessary data while minimizing the burden on the states, SAMHSA has conducted a lengthy and comprehensive planning process. It

sought advice from key stakeholders (as mandated by the STOP Act) including hosting multiple stakeholders’ meetings, conducting two field tests with state officials likely to be responsible for completing the *State Survey*, and investigating and testing various *State Survey* formats, online delivery systems, and data collection methodologies.

Based on these investigations, SAMHSA collects the required data using an online survey data collection platform (SurveyMonkey). Links to the four sections of the survey are distributed to states via email. The *State Survey* is sent to each state governor’s office and the Office of the Mayor of the District of Columbia. Based on the experience from the last ten years of

administering the *State Survey*, it is anticipated that the state governors will designate staff from state agencies that have access to the requested data (typically state Alcohol Beverage Control [ABC] agencies and state Substance Abuse Program agencies). SAMHSA provides both telephone and electronic technical support to state agency staff and emphasizes that the states are expected to provide data from existing state databases and other data sources available to them. The burden estimate below takes into account these assumptions.

The estimated annual response burden to collect this information is as follows:

Instrument	Number of respondents	Responses/ respondent	Burden/ response (hrs)	Annual burden (hrs)
<i>State Survey</i>	51	1	17.7	902.7

INTER-AMERICAN FOUNDATION

60-Day Notice for Assessing Post-Disaster Needs Across IAF Grantees (PRA)

AGENCY: Inter-American Foundation.
ACTION: Notice.

SUMMARY: The Inter-American Foundation (IAF), as part of its continuing efforts to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed.

DATES: Written comments must be submitted to the office listed in the

address section below within 60 days from the date of this publication in the **Federal Register**.

ADDRESSES: Send comments to Raquel Gomes, Inter-American Foundation, via email to rgomes@iaf.gov and Jenna Glickman, Inter-American Foundation, via email to jglickman@iaf.gov.

SUPPLEMENTARY INFORMATION: Natural disasters and shocks, such as hurricanes, earthquakes, and pandemics, tend to be especially harmful for low-income and marginalized populations. IAF grantees across Latin America and the Caribbean often serve as early responders in times of crises, helping their communities cope with the impacts of disasters and shocks. The IAF seeks to have the ability to survey grantees that may be impacted by disasters and shocks to quickly assess how the agency can better support them during such times.

The IAF is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Can help the agency minimize the burden of the collection of information on those who are to

respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

A Notice by the Inter-American Foundation on July 13, 2021.

Aswathi Zachariah,
General Counsel.

INTER-AMERICAN FOUNDATION

60-Day Notice for Assessing Needs Across IAF Grantees in the Northern Triangle (PRA)

AGENCY: Inter-American Foundation.

ACTION: Notice.

SUMMARY: The Inter-American Foundation (IAF), as part of its continuing efforts to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed.

ADDRESSES: Send comments to Raquel Gomes, Inter-American Foundation, via email to rgomes@iaf.gov and Jenna Glickman, Inter-American Foundation, via email to jglickman@iaf.gov.

SUPPLEMENTARY INFORMATION: The IAF is seeking to learn from its experience in funding grantees across El Salvador, Guatemala, and Honduras (the “Northern Triangle”) in recent years. The agency has performance monitoring data across the Northern Triangle that reflects how well individual grantees are implementing their projects toward desired outcomes. The IAF seeks to understand how the agency can further improve its support through a grantee survey as they seek to generate alternatives to forced migration. Having this systematic information will help guide IAF decisions on how to better

support these efforts in the Northern Triangle.

The IAF is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Can help the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

ADDRESSES: Send comments to Raquel Gomes, Inter-American Foundation, via email to rgomes@iaf.gov and Jenna Glickman, Inter-American Foundation, via email to jglickman@iaf.gov.

SUPPLEMENTARY INFORMATION: IAF grantees across Latin America and the Caribbean continue experiencing the ramifications of COVID–19 in their communities. The IAF plans to survey its grantees to better understand how COVID–19 continues impacting their communities and their grant-supported efforts. This information will inform IAF’s decision-making on how to continue supporting COVID–19-specific grants and amendments.

The IAF is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
