

Exchange. If a market participant responds to such displayed liquidity, they would receive an execution at a better price than what was displayed because the PNP Blind orders are eligible to execute at more aggressive prices. The Exchange notes that the proposed display functionality is consistent with the rules of other markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed changes to the PNP Blind orders will enhance order execution opportunities for investors. Further, the Exchange believes the changes will enhance competition between the Exchange and other exchanges that currently offer similar order types, *i.e.*, non-routable orders that are priced and execute at the contra-quote of the PBBO, but are displayed one MPV inferior to the contra-quote PBBO.¹⁴

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.¹⁷

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁸ of the Act to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73199; File No. SR-BATS-2014-018]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Designation of a Longer Period for Commission Action on Proposed Rule Change To Adopt Rule 14.11(k) To Permit BATS Exchange, Inc. To List Managed Portfolio Shares and To List and Trade Shares of Certain Funds of the Spruce ETF Trust

September 24, 2014.

On August 4, 2014, BATS Exchange, Inc. ("Exchange" or "BATS") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to adopt new BATS Rule 14.11(k), which would permit the Exchange to list Managed Portfolio Shares, which are shares of actively managed exchange-traded funds ("ETFs") for which the portfolio is disclosed quarterly, and to list and trade shares of certain funds of the Spruce ETF Trust ("Trust") under proposed BATS Rule 14.11(k). The proposed rule change was published for comment in the **Federal Register** on August 13, 2014.³ The Commission

received one comment letter on the proposal.⁴

Section 19(b)(2) of the Act⁵ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The Commission is extending this 45-day time period.

The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change, the comment received, and any response to the comments submitted by the Exchange. The proposed rule change would, among other things, permit the Exchange to adopt new BATS Rule 14.11(k), which would set forth the initial and continued listing standards applicable to Managed Portfolio Shares. In addition, the proposed rule change would permit the listing and trading of shares of certain funds of the Trust pursuant to proposed BATS Rule 14.11(k).

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁶ designates November 11, 2014, as the date by which the Commission shall either approve or disapprove or institute proceedings to determine whether to disapprove the proposed rule change (File Number SR-BATS-2014-018).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73203; File No. SR-BATS-2014-040]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing of a Proposed Rule Change to Rule 21.7 of BATS Exchange, Inc.

September 24, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 12, 2014, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rule 21.7, entitled "Market Opening Procedures" in order to modify the process by which the Exchange's equity options trading platform ("BATS Options") opens trading at the beginning of the day and after trading halts.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule changes is to amend BATS Rule 21.7 in order to amend the Opening Process³ by executing orders in the Opening Process based on time priority instead of price-time priority, treating orders that are not executed during the Opening Process as if they had just been entered by a User⁴ rather than cancelling certain orders, and adding certain clarifying language to the Rule in order to make the Opening Process more clear. The Exchange is also proposing to add titles to BATS Rule 21.7(a)(1), (2), (3), and (4) in order to make the rule text easier to follow. The Exchange is not proposing to amend the process by which orders are entered or the Opening Price⁵ is determined or validated.

Currently, after establishing an Opening Price that is also a Valid Price,⁶ orders and quotes in the System⁷ that are priced equal to or more aggressively than the Opening Price will be matched based on price-time priority and in accordance with BATS Rule 21.8. All orders and quotes or portions thereof that are matched pursuant to the Opening Process will be executed at the Opening Price. Where orders that meet the following criteria are not executed during the Opening Process, they will be cancelled: (i) Limit orders that are priced equal to or more aggressively than the Opening Price; and (ii) market orders. Where the Exchange is going to open trading in a series pursuant to Rule 21.7(a)(1)(D) (where there is no NBBO Midpoint, no Print, and no Previous Close at a Valid Price) (a "Contingent Open") and there is at least one price level at which at least one contract of a limit order could be executed, the System will similarly cancel all orders that are priced equal to or more aggressively than the midpoint of the most aggressively priced bid and the most aggressively priced offer. Limit orders and quotes that are not executed during the Opening Process or cancelled as set forth above shall become eligible for trading on BATS Options immediately following the completion of the Opening Process. Finally, where there are no orders in a series that are
