

(f) *Capabilities, past performance, and experience.* When evaluating the capabilities, past performance, experience, business systems, and certifications of an entity submitting an offer for a HUBZone contract as a joint venture established pursuant to this section, a procuring activity must consider work done and qualifications held individually by each partner to the joint venture as well as any work done by the joint venture itself previously. A procuring activity may not require the HUBZone small business concern to individually meet the same evaluation or responsibility criteria as that required of other offerors generally. The partners to the joint venture in the aggregate must demonstrate the past performance, experience, business systems, and certifications necessary to perform the contract.

* * * * *

PART 127—WOMEN-OWNED SMALL BUSINESS FEDERAL CONTRACT PROGRAM

■ 11. The authority citation for part 127 continues to read as follows:

Authority: 15 U.S.C. 632, 634(b)(6), 637(m), 644 and 657r.

■ 12. Amend § 127.506 by revising paragraph (f) to read as follows:

§ 127.506 May a joint venture submit an offer on an EDWOSB or WOSB requirement?

* * * * *

(f) *Capabilities, past performance, and experience.* When evaluating the capabilities, past performance, experience, business systems, and certifications of an entity submitting an offer for an EDWOSB or WOSB contract as a joint venture established pursuant to this section, a procuring activity must consider work done and qualifications held individually by each partner to the joint venture as well as any work done by the joint venture itself previously. A procuring activity may not require the EDWOSB or WOSB small business concern to individually meet the same evaluation or responsibility criteria as that required of other offerors generally. The partners to the joint venture in the aggregate must demonstrate the past performance, experience, business systems, and certifications necessary to perform the contract.

SMALL BUSINESS ADMINISTRATION

13 CFR Part 127

RIN 3245-AG75

Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business Certification; Correction

AGENCY: U.S. Small Business Administration.

ACTION: Correcting amendment.

SUMMARY: The U.S. Small Business Administration (SBA or Agency) is correcting regulations that published in the **Federal Register** on May 11, 2020. The final rule amended SBA's regulations to implement a statutory requirement to certify Women-Owned Small Business Concerns (WOSBs) and Economically-Disadvantaged Women-Owned Small Business Concerns (EDWOSBs), as well as to clarify existing regulations. This document makes corrections to the final regulations.

DATES: Effective January 14, 2021.

FOR FURTHER INFORMATION CONTACT:

Brenda Fernandez, Office of Policy, Planning and Liaison, 409 Third Street SW, Washington, DC 20416; (202) 205-7337; brenda.fernandez@sba.gov.

SUPPLEMENTARY INFORMATION: This is a correction to a final rule published in the **Federal Register** on May 11, 2020 (85 FR 27650). SBA is correcting dates that were inadvertently transposed in one of the examples to 13 CFR 127.400. Additionally, SBA is correcting the language in two of the examples to 13 CFR 127.400 to ensure the examples accurately illustrate the application of the new regulatory provisions.

List of Subjects in 13 CFR Part 127

Government contracts, Reporting and recordkeeping requirements, Small businesses.

Accordingly, 13 CFR part 127 is corrected by making the following correcting amendments:

PART 127—WOMEN-OWNED SMALL BUSINESS FEDERAL CONTRACT PROGRAM

■ 1. The authority citation for part 127 continues to read as follows:

Authority: 15 U.S.C. 632, 634(b)(6), 637(m), 644 and 657r.

■ 2. Amend § 127.400 by revising paragraph (b)(1) to read as follows:

§ 127.400 How does a concern maintain its WOSB or EDWOSB certification?

* * * * *

(b) * * *

(1) SBA or a third-party certifier will conduct a program examination three years after the concern's initial WOSB or EDWOSB certification (whether by SBA or a third-party certifier) or three years after the date of the concern's last program examination, whichever date is later.

Example 1 to paragraph (b)(1).

Concern A is certified by SBA to be eligible for the WOSB program on July 20, 2021. Concern A will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through July 19, 2022. To participate in the WOSB Program the following year, Concern A must recertify its eligibility to SBA between June 20, 2022, and July 19, 2022. Concern A will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through July 19, 2023. To participate in the WOSB Program the following year, Concern A must recertify its eligibility to SBA between June 20, 2023, and July 19, 2023. Concern A will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through July 19, 2024. To participate in the WOSB Program the following year, Concern A must recertify its eligibility to SBA between June 20, 2024, and July 19, 2024. Because three years will have elapsed since its application and original certification, SBA will conduct a program examination of Concern A at that time. In addition to its representation that it continues to be an eligible WOSB, Concern A must provide additional information as requested by SBA to demonstrate that it continues to meet all the eligibility requirements of the WOSB Program.

Example 2 to paragraph (b)(1).

Concern B is certified by a third-party certifier to be eligible for the WOSB program on September 27, 2021. Concern B will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through September 26, 2022. To participate in the WOSB Program the following year, Concern B must recertify its eligibility to SBA between August 28, 2022, and September 26, 2022. Concern B will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the

size standard corresponding to the NAICS code assigned to the contract) through September 26, 2023. On March 31, 2023, Concern B is awarded a WOSB set-aside contract. Subsequently, Concern B's status as an eligible WOSB is protested. On June 28, 2023, Concern B receives a positive determination from SBA confirming that it is an eligible WOSB. Concern B's new certification date is June 28, 2023. Concern B will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through June 27, 2024. To participate in the WOSB Program the following year, Concern B must recertify its eligibility to SBA between May 29, 2024, and June 27, 2024. Concern B will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) through June 27, 2025. To participate in the WOSB Program the following year, Concern B must recertify its eligibility to SBA between May 29, 2025, and June 27, 2025. Concern B will be considered a certified WOSB that is eligible to receive WOSB contracts (as long as it is small for the size standard corresponding to the NAICS code assigned to the contract) until June 27, 2026. To participate in the WOSB Program the following year, Concern B must recertify its eligibility to SBA between May 29, 2026, and June 27, 2026. Because three years will have elapsed since its certification date of June 28, 2023, Concern B must seek a program examination, by SBA or a third-party certifier, at that time. In addition to its representation that it continues to be an eligible WOSB, Concern B must provide additional information as requested by SBA or a third-party certifier to demonstrate that it continues to meet all the eligibility requirements of the WOSB Program.

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2020-1172; Project Identifier MCAI-2020-01661-T; Amendment 39-21388; AD 2021-02-05]

RIN 2120-AA64

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; request for comments.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for all Airbus SAS Model A330-200, -200 Freighter, -300, -800, and -900 series airplanes; Model A340-200 and -300 series airplanes; and Model A340-541 and A340-642 airplanes. This AD was prompted by a report that an erroneous torque value for the attachment nuts to install a pitot probe was included in the affected Aircraft Maintenance Manual (AMM) task. This AD requires re-torquing the attachment nuts of each affected part. In addition, this AD prohibits the use of the affected AMM task, as specified in a European Union Aviation Safety Agency (EASA) AD, which is incorporated by reference. The FAA is issuing this AD to address the unsafe condition on these products.

DATES: This AD becomes effective January 29, 2021.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of January 29, 2021.

The FAA must receive comments on this AD by March 1, 2021.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- **Federal eRulemaking Portal:** Go to <https://www.regulations.gov>. Follow the instructions for submitting comments.
- **Fax:** 202-493-2251.
- **Mail:** U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- **Hand Delivery:** Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For material incorporated by reference (IBR) in this AD, contact the EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu;

internet www.easa.europa.eu. You may find this IBR material on the EASA website at <https://ad.easa.europa.eu>. You may view this IBR material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206-231-3195. It is also available in the AD docket on the internet at <https://www.regulations.gov> by searching for and locating Docket No. FAA-2020-1172.

Examining the AD Docket

You may examine the AD docket on the internet at <https://www.regulations.gov> by searching for and locating Docket No. FAA-2020-1172; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, any comments received, and other information. The street address for Docket Operations is listed above. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT:

Vladimir Ulyanov, Aerospace Engineer, Large Aircraft Section, International Validation Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206-231-3229; email vladimir.ulyanov@faa.gov.

SUPPLEMENTARY INFORMATION:

Discussion

The EASA, which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2020-0279, dated December 14, 2020 (EASA AD 2020-0279) (also referred to as the Mandatory Continuing Airworthiness Information, or the MCAI), to correct an unsafe condition for all Model A330-201, A330-202, A330-203, A330-223, A330-223F, A330-243, A330-243F, A330-301, A330-302, A330-303, A330-321, A330-322, A330-323, A330-341, A330-342, A330-343, A330-743L, A330-841, A330-941, A340-211, A340-212, A340-213, A340-311, A340-312, A340-313, A340-541, A340-542, A340-642, and A340-643 airplanes. Model A330-743L, A340-542, and A340-643 airplanes are not certificated by the FAA and are not included on the U.S. type certificate data sheet; this AD therefore does not include those airplanes in the applicability.

This AD was prompted by a report that an erroneous torque value for the attachment nuts to install a pitot probe was included in the affected AMM task. The FAA is issuing this AD to address
