Notice of Public Meetings: Mojave-Southern Great Basin Resource Advisory Council, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Mojave-Southern Great Basin Resource Advisory Council (RAC), will hold three meetings in Nevada in fiscal year 2015. The meetings are open to the public.

Dates and Times: April 24, BLM Southern Nevada District Office, 4701 N. Torrey Pines Dr., Las Vegas, Nevada; July 16-17, BLM Ely District, Caliente Field Office, 1400 S. Front Street, Caliente, Nevada; and Sept. 17, Beatty Community Center, 100 A Avenue South, Beatty, Nevada. Meeting times will be published in local and regional media sources at least 14 days before each meeting. All meetings will include a public comment period.

FOR FURTHER INFORMATION CONTACT:

Chris Hanefeld, Public Affairs Specialist, Ely District Office, 702 N. Industrial Way, Ely, NV 89301, telephone: (775) 289-1842, email: chanefel@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member Council advises the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in Nevada. Topics for discussion at each meeting will include, but are not limited to:

- April 24 (Las Vegas)—Southern Nevada District Resource Management

Plan, Southern Nevada Public Land Management Act and Transmission Corridors.

- July 16-17 (Caliente)—Ash Springs Recreation Area, and Mountain Biking and Trails Systems.

- September 17 (Beatty)—Battle Mountain District Resource Management Plan, and Mountain Biking and Trails Systems.

Managers' reports of field office activities will be given at each meeting. The Council may raise other topics at the meetings.

Final agendas will be posted on-line at the BLM Mojave-Southern Great Basin RAC Web site at <http://bit.ly/MOSORAC> and will be published in local and regional media sources at least 14 days before each meeting.

Individuals who need special assistance such as sign language interpretation or other reasonable accommodations, or who wish to receive a copy of each agenda, may contact Chris Hanefeld no later than 10 days prior to each meeting.

Rudy Evenson,

Deputy Chief, Office of Communications.

BILLING CODE 4310-HC-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[RR02015200, 15XR0687NA, RX185279294000000]

Notice of Availability for the Final Environmental Impact Statement/Environmental Impact Report for Long-Term Water Transfers, Central Valley and Bay Area, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation and the San Luis & Delta-Mendota Water Authority have prepared the Long-Term Water Transfers Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR). The Final EIS/EIR addresses water transfers to Central Valley Project (CVP) contractors south of the Delta and in the San Francisco Bay area from CVP and non-CVP sources from north of the Delta using Delta pumps (both CVP and State Water Project (SWP) facilities). Water transfers could occur through various methods such as groundwater substitution, cropland idling, reservoir release, and conservation, and could include individual and multiyear transfers from 2015 through 2024.

DATES: Reclamation will not make a decision on the proposed action until at least 30 days after the release of the Final EIS/EIR. After the 30-day waiting period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

ADDRESSES: Send written correspondence or requests for copies to Mr. Brad Hubbard, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825; or via email to bhubbard@usbr.gov.

To request a compact disc of the Final EIS/EIR, please contact Mr. Brad Hubbard as indicated above, or call (916) 978-5204. The Final EIS/EIR may be viewed at the Bureau of Reclamation's Web site at http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=18361. See **SUPPLEMENTARY INFORMATION** section for locations where copies of the Final EIS/EIR are available for public review.

FOR FURTHER INFORMATION CONTACT: Mr. Brad Hubbard, Project Manager, Bureau of Reclamation, via email at bhubbard@usbr.gov, or at (916) 978-5204; or Ms. Frances Mizuno, Assistant Executive Director, San Luis & Delta-Mendota Water Authority, via email at frances.mizuno@sldmwa.org, or at (209) 832-6200.

SUPPLEMENTARY INFORMATION:

Hydrologic conditions, climatic variability, and regulatory requirements for operation of water projects commonly affect water supply availability in California. Project supplies are often the primary source of water for south of Delta users, and the complex factors constraining operational decisions not only strain total annual water supplies, but regularly create mismatched timing between planting decisions and announcement of final water supply allocations, making advance planning for water shortages necessary and routine. These conditions and resulting shortages create a need for water transfers to help meet water demands.

The purpose of the Long-Term Water Transfers EIS/EIR is to facilitate voluntary water transfers from willing sellers upstream of the Delta to water users south of the Delta and in the San Francisco Bay Area. The maximum approvable quantity transferable to any contractor cannot exceed that contractor's total contract supply, but instead helps to make up for shortages. Such transfers need to be implementable within narrow annual windows for decisions on each end and flexible enough to address highly
