Agency Information Collection Activities; Project Planning for the Use of Outer Continental Shelf Sand, Gravel, and Shell Resources in Construction Projects That Qualify for a Negotiated Noncompetitive Agreement

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request.

DATES: Interested persons are invited to submit comments on or before May 18, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. You may find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments to Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010–0187 in the subject line of your comments.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of the information collection requirements and minimize the public’s reporting burden. It also helps the public understand BOEM’s information collection requirements and provide the requested data in the desired format.

A Federal Register notice with a 60-day public comment period soliciting comments on this proposed information

collection request was published on December 11, 2019 (84 FR 67753). No comments were received.

BOEM is again soliciting comments on the proposed ICR that is described below. BOEM is especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure this information will be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record. You should be aware that your entire comment—including your address, phone number, email address, or other personal identifying information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would clearly constitute an unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of your information, such as embarrassment, injury, or other harm. While you can ask BOEM in your comment to withhold your personally identifiable information from public review, BOEM cannot guarantee that it will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior’s implementing regulations (43 CFR part 2).

Abstract: Under the authority delegated by the Secretary of the Interior, BOEM is authorized, pursuant to section 8(k)(2) of the OCS Lands Act (43 U.S.C. 1337(k)(2)), to convey rights to OCS sand, gravel, and shell resources by negotiated noncompetitive agreement (NNA) for use in shore protection and beach and coastal restoration, or for use in construction projects funded in whole or part by, or authorized by, the Federal Government.

Since the beginning of 2017, BOEM has processed 17 negotiated agreements and amendments to existing agreements. In order for BOEM to continue to meet the needs of locals and state governments, information regarding upcoming projects must be acquired to plan for future projects and anticipated

workload. Therefore, BOEM will issue calls for information about needed resources and locations from interested parties to develop and maintain a project schedule. BOEM may also issue calls for information in response to an emergency declaration, such as a hurricane or tropical storm. This ICR has no significant changes from the 2017 OMB approved information collection.

In the event the number of requested projects exceeds the limits of the current BOEM staff and funding resources, BOEM may request the relevant states to prioritize their own projects based on several criteria including likelihood of project funding and progress of environmental work. BOEM will use this information to determine appropriate future resource allocations, identify potential conflicts of use, develop NNAs, and meet all necessary environmental and legal requirements. BOEM will publish all ongoing projects on the website <http://www.boem.gov/Requests-and-Active-Leases/>.

INTERNATIONAL TRADE COMMISSION

Temporary Change to Antidumping/Countervailing Duty Conference and Hearing Procedures

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The United States International Trade Commission (Commission) provides notice that, to address concerns related to COVID-19, it is temporarily waiving and amending certain of the Commission's rules that permit participants to appear in-person to give oral presentations, written witness testimony, or statements at antidumping/countervailing duty (AD/CVD) preliminary phase conferences, and final phase investigation and five-year review hearings held under Title VII of the Tariff Act of 1930.

DATES: Immediately and until further notice.

FOR FURTHER INFORMATION CONTACT: You may direct telephone inquiries to Lisa R. Barton, Secretary to the Commission, the Office of the Secretary at (202) 205-2000. You may direct email inquiries to EDIS3help@usitc.gov. Hearing impaired persons can obtain information on this matter by contacting the Commission's TDD terminal at (202) 205-1810. You may find general information concerning the Commission at <https://www.usitc.gov>.

SUPPLEMENTARY INFORMATION: Section 201.4(b) of the Commission's Rules of Practice and Procedure (19 CFR 201.4(b)) permits the Commission to amend, waive, suspend, or revoke Commission rules for "good and sufficient reason" if the rule is not a matter of procedure required by law. The procedures permitting participants to make oral statements or presentations, or submit written witness testimony, at AD/CVD proceedings are not procedures required by law. Therefore, to address concerns related to COVID-19, the Commission has determined that there is good and sufficient reason to waive and amend certain Commission rules. This rule waiver and amendment is effective

immediately and until further notice, which will be provided in a subsequent **Federal Register** notice. Waiver and amendment of these rules will mitigate disruption to Title VII investigations while the USITC building is closed.

Specifically, the Commission temporarily waives the provisions of Rules 201.13(f) and (h), 207.15, and 207.24(b) (19 CFR 201.13(f) and (h), 207.15, and 207.24(b)) that require or permit participants to submit presentations, statements, and written witness testimony at in-person AD/CVD conferences and hearings.

The Commission has approved the temporary amendment of Rule 207.24(b) (19 CFR 207.24(b)) to permit parties to submit written presentations and written witness testimony, and to permit nonparties to submit brief written statements. The Commission has also approved the temporary amendment of Rule 207.15 (19 CFR 207.15) to instruct each party to provide written witness testimony in accordance with the schedule and instructions specified by the Director or presiding official. All such filings shall comply with the procedures set forth in the Commission's Electronic Document Information System website at <https://edis.usitc.gov>.

By order of the Commission.
Issued: April 10, 2020.

William Bishop,

Supervisory Hearings and Information Officer.
