

Total estimated burden: 28,450 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$3,300,200 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: There is an increase of 17,372 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is due to burdens that were not addressed in the current ICR, such as product transfer documents, the testing of each batch of diesel fuel for sulfur content, and labels on pumps that dispense hearing oil and certain offroad diesel fuels.

Courtney Kerwin,

Director, Regulatory Support Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2011-0443; FRL-9990-61-OEI]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Public Water System Supervision Program (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) has submitted an Information Collection Request (ICR) for the Public Water System Supervision Program (EPA ICR No. 0270.47, OMB Control No. 2040-0090) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed renewal of the ICR, which is currently approved through March 31, 2019. Public comments were previously requested via the **Federal Register** on September 11, 2018, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is provided in this renewal notice, including its estimated burden and cost to the public. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before April 22, 2019.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OW-2011-0443, to (1) EPA online using www.regulations.gov (our preferred method), by email to OW-Docket@epa.gov or by mail to EPA

Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

The EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Kevin Roland, Drinking Water Protection Division, Office of Ground Water and Drinking Water, (4606M), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-4588; fax number: 202-564-3755; email address: roland.kevin@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about the EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The Public Water System Supervision (PWSS) Program ICR examines public water system, primacy agency (e.g., states and tribes with primary enforcement authority) and tribal operator certification provider burden, and costs for "cross-cutting" recordkeeping and reporting requirements (i.e., the burden and costs for complying with drinking water information requirements that are not associated with contaminant-specific rulemakings). The following activities have recordkeeping and reporting requirements that are mandatory for compliance with the *Code of Federal Regulations* (CFR) at 40 CFR parts 141 and 142: The Consumer Confidence Report Rule (CCR), the Variance and Exemption Rule (V/E Rule), General State Primacy Activities, the Public Notification (PN) Rule and Proficiency Testing Studies for Drinking Water Laboratories. The information collection activities for both the Operator Certification and the Capacity Development Program are driven by the grant withholding and reporting provisions under sections 1419 and

1420, respectively, of the Safe Drinking Water Act. The information collection for the Tribal Operator Certification Program is driven by grant eligibility requirements outlined in the Drinking Water Infrastructure Grant Tribal Set-Aside Program Final Guidelines and the Tribal Drinking Water Operator Certification Program Guidelines.

Form numbers: None.

Respondents/affected entities: Entities potentially affected by this action are new and existing public water systems and primacy agencies.

Respondent's obligation to respond: Mandatory for compliance with 40 CFR parts 141 and 142.

Estimated number of respondents: 148,674 (total).

Frequency of response: Varies by requirement (*i.e.*, on occasion, monthly, quarterly, semi-annually, and annually).

Total estimated burden: 3,643,372 hours (per year). Burden is defined at 5 CFR 1320.03(b)

Total estimated cost: \$192,654,000 (per year), includes \$38,121,000 in operation and maintenance costs.

Changes in the estimates: There is a decrease of 125,841 hours in the total estimated annual respondent burden compared with the ICR currently approved by OMB. This decrease is a result of: Updating relevant baseline information for each rule with the most current and accurate information available (*e.g.*, public water system inventory); and, updating burden to include expected reductions associated with use of a cloud-based reporting database. Where appropriate and available, estimated violation and other associated rates have also been updated to reflect current information on rule compliance.

Courtney Kerwin,

Director, Regulatory Support Division.

The telephone number for the Docket Center is 202-566-1744.

For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: In 2002, EPA's Energy Supply and Industry Branch (ESIB) launched two partnership programs with industry and other stakeholders: The Green Power Partnership (GPP) and the Combined Heat and Power Partnership (CHPP). These voluntary partnership programs, along with others in the ESIB, encourage organizations to invest in clean, efficient energy technologies, including renewable energy and combined heat and power. To continue to be successful, it is critical that EPA collect information from these program stakeholders to ensure these organizations are meeting their clean energy goals and to assure the credibility of these voluntary non-regulatory programs.

EPA has developed this ICR to obtain authorization to collect information from organizations participating in the GPP and CHPP, and other ESIB voluntary programs. Organizations that join these programs voluntarily agree to the following respective actions: (1) Designating a Green Power or CHP liaison and filling out a Partnership Agreement or Letter of Intent (LOI) respectively, (2) for the GPP, reporting to EPA, on an annual basis, their progress toward their green power commitment via a 3-page reporting form; (3) for the CHP Partnership, reporting to EPA information on their existing CHP projects, new project development, and other CHP-related activities via a one-page reporting form (for projects) or via an informal email or phone call (for other CHP-related activities). In addition to these actions, organizations may voluntarily apply for recognition to the programs' established annual recognition events, which require submitting additional information. EPA uses the data obtained from its Partners to assess the success of these programs in achieving their national energy and greenhouse gas (GHG) reduction goals. Partners are organizational entities that have volunteered to participate in either Partnership program.

Form numbers: EPA-430-K-013, EPA-430-F-05-034; EPA-5900-353.

Respondents/affected entities: Company, institutional, and public-sector organizations that voluntarily participate in the EPA's Green Power Partnership (GPP) or Combined Heat and Power Partnership (CHPP). These include both service and goods providing industries, educational institutions and non-governmental organizations, commercial and
