

removing of trash from trash receptacles on public lands in the El Centro Resource Area.

AGENCY: Bureau of Land Management, Interior.

ACTION: Establishment of supplementary rule.

LOCATION: All public lands in the El Centro Resource Area east of the boundary line starting at:

T8S R3E Sec. 36 SE corner; southerly to T9S R4E Sec. 30 NW corner; easterly to T9S R4E Sec. 28 NE corner; southerly to T9S R4E Sec. 33 SE corner; westerly to T9S R4E Sec. 31 SW corner; southerly to T15S R4E Sec. 31 NW corner; southeasterly to T18S R8E Sec. 7 SW corner; and all public land to the east.

SUMMARY: Over the past several years individuals or groups of people have developed the routine of removing materials from the trash receptacles throughout the resource area in order to recycle them. In doing so they regularly setup camp next to the trash receptacles, prevent people from depositing trash into the receptacle and have been involved in several disputes involving the receptacles. These actions have increased the amount of trash deposited outside the receptacles on public lands and has increased the workload for law enforcement and other staff personnel in monitoring the trash collection. Therefore; the following rules shall apply:

- No person shall:
1. Remove trash from the interior of the trash receptacles.
 2. Enter trash receptacles.
 3. Open doors of trash receptacles.
 4. Loiter by trash receptacles for more than fifteen minutes within four consecutive hours.
 5. Interfere with the depositing of trash into the trash receptacle.
 6. Solicit trash without proper permit.
 7. Stack debris or cause the stacking of debris around the exterior of the trash receptacle.

DATES: These supplementary rules are effective April 24, 2000 and will remain in effect until rescinded or modified by the authorized officer. You may comment on the supplementary rules until May 24, 2000. If necessary, we will modify the rules after that time.

ADDRESSES: Send comments to El Centro Field Office, 1661 S. Fourth St., El Centro, CA 92243.

FOR FURTHER INFORMATION CONTACT: Chief Ranger Robert Zimmer, Bureau of Land Management, El Centro Field Office (760) 337-4407.

SUPPLEMENTARY INFORMATION: The authority for these rules are provided in 43 CFR 8365.1-6. Violation of these

regulations is punishable by a fine not to exceed \$100,000.00 and/or imprisonment not to exceed 12 months.

Dated: March 27, 2000.

Elayn Briggs,

Acting Field Office Manager.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**National Park Service**

Notice of Intent to Repatriate Cultural Items from Southeastern Utah in the Possession of the Utah Museum of Natural History, Salt Lake City, UT

AGENCY: National Park Service, Interior.

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the Utah Museum of Natural History, Salt Lake City, UT which meet the definition of "sacred object" and "object of cultural patrimony" under Section 2 of the Act.

The 16 cultural items consist of ceremonial feathers, a ceremonial bundle, a quartzite stone implement, a medicine bag of ferret skin, a buckskin bag, a corn meal bag, reed offering sticks, worked willow, and painting sticks.

During the 1920s and 1930s, these cultural items were collected by A.E. Bruerton; and he donated these cultural items to the University of Utah Anthropology Department at a later unknown date. In 1969, these objects were transferred to the Utah Museum of Natural History from the University of Utah Anthropology Department.

Museum documentation indicates these cultural items were recovered from a buried location in a Navajo hogan in southeastern Utah. The

location, form, and style of the cultural items are all consistent with Navajo history, sacred objects, and objects of cultural patrimony.

Based on the above-mentioned information, officials of the Utah Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(3), these 16 cultural items are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents. Officials of the Utah Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(4), these 16 cultural items have ongoing historical, traditional, and cultural importance central to the tribe itself, and could not have been alienated, appropriated, or conveyed by any individual. Officials of the Utah Museum of Natural History have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these items and the Navajo Nation.

This notice has been sent to officials of the Navajo Nation. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Duncan Metcalfe, curator of Archaeological Collections, Utah Museum of Natural History, 1390 E. President's Circle, Salt Lake City, UT 84112; telephone: (801) 581-3876 before May 24, 2000. Repatriation of these objects to the Navajo Nation may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: April 11, 2000.

Francis P. McManamon,

Departmental Consulting Archeologist, Manager, Archeology and Ethnography Program.
