

alleged programs. The Department initiated on 20 programs in this investigation, over half of which have never been investigated before. The alleged subsidies include the types of programs that are among the most complex ever handled by the Department, including government direction of credit, debt restructuring, transnational subsidies, and the provision of electricity at preferential rates, among others.

Accordingly, we deem these investigations to be extraordinarily complicated and determine, with regard to the third requirement noted above, that additional time is necessary to make the preliminary determinations. Therefore, pursuant to section 703(c)(1)(B) of the Act, we are postponing the preliminary determinations in these investigations to no later than March 26, 2001.

This notice is published pursuant to section 703(c)(2) of the Act.

Dated: January 18, 2001.

Assistant Secretary for Import Administration.
