

climbing over, around and thru obstacles.

For the second research topic, NIST will evaluate a method for measuring the alignment of an exoskeleton to human joint (knee) and any relative movement between the exoskeleton and user. Measurement methods prototyped by NIST for evaluating exoskeleton on mannequin position and motion will be applied to human subjects to verify the usefulness of optical tracking system and designed artifacts worn by users as measurement methods.

Participants will be chosen from volunteers within NIST and adult NIST visitors to participate in the study. Gender and size diversity will be sought in the population of participants. No personally identifiable information (PII) will be recorded unless subject consent for PII disclosure is received. NIST intends to publish information on the analysis and results.

II. Method of Collection

Participants will give informed consent prior to participating in the research. Information may be collected via a paper background questionnaire which may include disclosure of health information which may be relevant for safety and research reasons. Data will be collected using a combination of heart rate monitor, video and still cameras to collect time and subject activity to correlate heart rate with activity and an optical tracking system which detects markers worn by the subject. Participants will be asked to complete a paper survey once data is collected for the research.

III. Data

OMB Control Number: 0693-0083.

Form Number(s): None.

Type of Review: Regular submission, revision and extension of a current information collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 180.

Estimated Time per Response: 10 minutes.

Estimated Total Annual Burden Hours: 30 hours.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

Legal Authority:

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will

have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

[RTID 0648-XB416]

North Pacific Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of web conference meetings.

SUMMARY: The North Pacific Fishery Management Council (Council) and its advisory committees will meet from September 30, 2021, through October 15, 2021.

DATES: The Council's Scientific and Statistical Committee (SSC) will begin at 8 a.m. on Thursday, September 30, 2021, through Friday, October 1, 2021, and on Monday, October 4, 2021, through Wednesday, October 6, 2021. The Council's Advisory Panel (AP) will begin at 8 a.m. on Monday, October 4, 2021, through Friday, October 8, 2021. The Council will meet on Wednesday,

October 6, 2021, and on Sunday, October 10, 2021, through Friday, October 15, 2021. All times listed are Alaska Time.

ADDRESSES: The meetings will be by web conference. Join online through the links at <https://www.npfmc.org/upcoming-council-meetings>.

Council address: North Pacific Fishery Management Council, 1007 W 3rd Ave., Anchorage, AK 99501-2252; telephone: (907) 271-2809. Instructions for attending the meeting via web conference are given under Connection Information below.

FOR FURTHER INFORMATION CONTACT:

Diana Evans, Council staff; telephone: (907) 271-2809; email: diana.evans@noaa.gov. For technical support, please contact our administrative staff, email: npfmc.admin@noaa.gov.

SUPPLEMENTARY INFORMATION:

Agenda

Thursday, September 30, 2021, Through Friday, October 1, 2021; Monday, October 4, 2021, Through Wednesday, October 6, 2021

The SSC agenda will include the following issues:

1. October preview of Ecosystem Status Report
2. Alaska Fishery Science Center (AFSC) Report on climate regional action plans and the NOAA climate and Fisheries Initiative
3. Observer annual deployment plan for 2022
4. Bering Sea Aleutian Island (BSAI) Crab—Stock assessment and fishery evaluation (SAFE), acceptable biological catch (ABC) and overfishing limit (OFL) for four stocks; plan team report
5. BSAI and Gulf of Alaska (GOA) groundfish—proposed specifications, plan team reports, risk tables
6. Workplan for the halibut Catch Share Plan for Areas 2C/3A allocation review
7. Alaska Climate Integrated Modeling (ACLIM) 2.0 report and GOA CLIM (Climate Integrated Modeling) update

The agenda is subject to change, and the latest version will be posted at <https://meetings.npfmc.org/Meeting/Details/2353> prior to the meeting, along with meeting materials.

In addition to providing ongoing scientific advice for fishery management decisions, the SSC functions as the Council's primary peer review panel for scientific information, as described by the Magnuson-Stevens Act section 302(g)(1)(e), and the National Standard

2 guidelines (78 FR 43066). The peer-review process is also deemed to satisfy the requirements of the Information Quality Act, including the OMB Peer Review Bulletin guidelines.

Monday, October 4, 2021, Through Friday, October 8, 2021

The Advisory Panel agenda will include the following issues:

1. BSAI Crab—SAFE, ABC/OFL for four stocks; plan team report
2. IFQ omnibus amendments—initial review, IFQ committee report
3. RQE fee collection program—initial review
4. Halibut Catch Share Plan for Areas 2C/3A allocation review—review workplan
5. BSAI Pacific cod trawl Catcher Vessel (CV) Limited Access Privilege Program (LAPP)—Final Action
6. Observer annual deployment plan for 2022; Partial Coverage Fishery Monitoring Advisory Committee (PCFMAC) report
7. BSAI and GOA groundfish—proposed specifications, plan team reports, risk tables
8. ACLIM 2.0 report and GOA CLIM update
9. Staff Tasking

Wednesday, October 6, 2021

The Council will meet in executive session to discuss administrative matters.

Wednesday, October 6, 2021; Sunday, October 10, 2021, Through Friday, October 15, 2021

The Council agenda will include the following issues. The Council may take appropriate action on any of the issues identified.

1. All B Reports (Executive Director, NMFS Management, NOAA GC, AFSC, ADF&G, USCG, USFWS, U.S. Navy Report on Northern Edge 2021)
2. BSAI Crab—SAFE, ABC/OFL for four stocks; plan team report
3. IFQ omnibus amendments—initial review, IFQ committee report
4. RQE fee collection program—initial review
5. AP report in full
6. Halibut Catch Share Plan for Areas 2C/3A allocation review—review workplan
7. BSAI Pacific cod trawl CV LAPP—Final Action
8. SSC report in full
9. Observer Annual Deployment plan; PCFMAC report
10. BSAI and GOA groundfish—proposed specifications; plan team reports; risk tables
11. ACLIM 2.0 report and GOA CLIM update

12. Staff Tasking

Connection Information

You can attend the meeting online using a computer, tablet, or smartphone; or by telephone only. Connection information will be posted online at: <https://www.npfmc.org/upcoming-council-meetings>. For technical support, please contact our administrative staff, email: npfmc.admin@noaa.gov.

Public Comment

Public comment letters will be accepted and should be submitted electronically through the links at <https://www.npfmc.org/upcoming-council-meetings>. The Council strongly encourages written public comment for this meeting, to avoid any potential for technical difficulties to compromise oral testimony. The written comment period is open from September 17, 2021, to September 29, 2021, and closes at 5 p.m. Alaska Time on September 29, 2021.

Although other non-emergency issues not on the agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Actions will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 9, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NOAA Satellite Customer Questionnaire

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to

comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 9, 2021 (86 FR 30595) during a 60-day comment period. This notice allows for an additional 30 days for public comments. *Agency:* National Oceanic and Atmospheric Administration, Commerce.

Title: NOAA Satellite Customer Questionnaire.

OMB Control Number: 0648–0227.

Form Number(s): None.

Type of Request: Regular submission [extension of a current information collection].

Number of Respondents: 30.

Average Hours per Response: 6 minutes per response.

Total Annual Burden Hours: 3.

Needs and Uses: This request is for extension of a current information collection. The National Oceanic and Atmospheric Administration (NOAA) operates a minimum of four meteorological satellite imagery transmission systems, two from geostationary operational environmental (GOES) satellites and two from polar-orbiting television infrared operational (TIROS) satellites. In addition, legacy backup and standby polar-orbiting satellites continue to be operated as their health permits. The data transmitted are available worldwide, and any user can establish a ground receiving station for reception of the data without the prior consent, notification, or other approval from NOAA. With such an open access policy, it is currently not possible to have a comprehensive understanding of the range and number of the data users and application of the data received and/or used. The purpose of collecting the information contained in the user registration form is to satisfy the following objectives: (1) To comply with international agreements such as the Department of Commerce (DOC)/NOAA's efforts with the World Meteorological Organization (WMO), so that NOAA can provide environmental satellite data and processed satellite data products to the public domain, and (2) To improve Government efficiencies of data dissemination using cost-saving technologies to minimize the expenditure of personnel and financial resources.

The collection of information from a respondent is initiated when an individual contacts National Environmental Satellite, Data, and Information Service (NESDIS) via letter,
