

before 5:00 p.m. Eastern Time on July 13, 2022.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP22-16-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/ferc-online/ferc-online/how-guides>.

Additional information about the project is available from the

Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

Dated: June 13, 2022.

Debbie-Anne A. Reese,
Deputy Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OLEM-2018-0390, FRL-9904-01-OLEM]

Agency Information Collection Activities; Proposed Collection; Comment Request; Hazardous Waste Generator Standards (Renewal), EPA ICR No. 0820.15, EPA ICR No. 2050-0035

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit the information collection request (ICR), Hazardous Waste Generator Standards (Renewal) (EPA ICR No. 0820.15, OMB Control No. 2050-0035) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described in **SUPPLEMENTARY INFORMATION**. This is a proposed extension of the ICR, which is currently approved through January 31, 2023. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before August 16, 2022.

ADDRESSES: Submit your comments, referencing by Docket ID No. EPA-HQ-

OLEM-2018-0390, at <https://www.regulations.gov> (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Brian Knieser, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-566-0516; email address: knieser.brian@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov. Materials can also be viewed at the Reading Room located at the EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Avenue NW, Washington, DC 20004. The Docket Center's hours of operations are 8:30 a.m.-4:30 p.m., Monday-Friday (except Federal Holidays). The telephone number for the Docket Center is 202-566-1744.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: Under the Resource Conservation and Recovery Act (RCRA), as amended, Congress directed EPA to implement a comprehensive program for the safe management of hazardous waste. The core of the national waste management program is the regulation of hazardous waste from generation to transport to treatment and eventual disposal, or from “cradle to grave.” Section 3001(d) of RCRA requires EPA to develop standards for small quantity generators. Section 3002 of RCRA states, among other things, that EPA shall establish requirements for hazardous waste generators regarding recordkeeping practices. Section 3002 also requires EPA to establish standards on appropriate use of containers by generators. Finally, Section 3017 of RCRA specifies requirements for individuals exporting hazardous waste from the United States, including a notification of the intent to export, and an annual report summarizing the types, quantities, frequency, and ultimate destination of all exported hazardous waste.

Form Numbers: None.

Respondents/affected entities: Private business or other for-profit.

Respondent's obligation to respond: Mandatory (40 CFR parts 262 and 265).

Estimated number of respondents: 644,345.

Frequency of response: On occasion.

Total estimated burden: 526,989 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$31,367,417 per year, which includes \$63,345 in annualized capital or operation & maintenance costs.

Changes in Estimates: The burden hours are likely to stay substantially the same.

Dated: June 3, 2022.

Carolyn Hoskinson,

Director, Office of Resource Conservation and Recovery.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

UNITED STATES INTERNATIONAL BOUNDARY AND WATER COMMISSION

[FRL–9919–01–R9]

United States-Mexico-Canada Agreement Mitigation of Contaminated Transboundary Flows Project

AGENCY: Environmental Protection Agency (EPA); United States International Boundary and Water Commission.

ACTION: Notice of availability of draft programmatic environmental impact statement; notice of virtual public comment meetings; request for comments.

SUMMARY: In accordance with regulations implementing the National Environmental Policy Act (NEPA), as amended, the Environmental Protection Agency (EPA) and U.S. International Boundary and Water Commission (USIBWC), as joint lead agencies, have prepared a Draft Programmatic Environmental Impact Statement (Draft PEIS) for the proposed United States-Mexico-Canada Agreement (USMCA) Mitigation of Contaminated Transboundary Flows Project (the Proposed Action). The Proposed Action involves the planning, design, and construction of infrastructure to reduce transboundary flows of untreated wastewater (sewage), trash, and sediment that routinely enter the U.S. from Mexico via the Tijuana River, its tributaries, and across the maritime boundary along the San Diego County coast. These transboundary flows impact public health and the environment and have been linked to beach closures along the San Diego County coast. EPA and USIBWC have evaluated the Proposed Action, including alternatives, located in the Tijuana River area in southern San Diego County, California in the U.S. and in the Tijuana region in Mexico. This Notice initiates the comment process by inviting comments from Federal, State, and local agencies; Native American tribes; interested stakeholders; and the public on the Proposed Action, including alternatives, and environmental consequences examined

in the Draft PEIS. EPA and USIBWC are also providing notice of virtual public comment meetings that are open to all interested parties.

DATES: Public comment meetings will be held virtually on July 19, 2022, 6:30 p.m. to 8:30 p.m. Pacific Daylight Time (PDT) and July 20, 2022, 2 p.m. to 4 p.m. (PDT). A formal presentation on the proposed project will be provided at the meetings, followed by an opportunity for public comment. Written public comments are due to EPA and USIBWC by 5:00 p.m. (PDT) within the 45 days from the date of the publication of the EPA Notification of Availability of Programmatic Environmental Impact Statements in the **Federal Register**. Please go to: <https://www.epa.gov/sustainable-water-infrastructure/usmca-tijuana-river-watershed> for more information regarding the public comment meetings.

ADDRESSES: Written comments shall be submitted to the following email address: Tijuana-Transboundary-EIS@epa.gov.

FOR FURTHER INFORMATION CONTACT: Elizabeth Borowiec, 415–972–3419, borowiec.elizabeth@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: EPA and USIBWC, as joint lead agencies, in accordance with the requirements of NEPA (42 U.S.C. 4321–4347), Council on Environmental Quality NEPA Implementing Regulations (40 Code of Federal Regulations [CFR] 1500–1508 [2022]), EPA Procedures for Implementing NEPA (40 CFR part 6), and USIBWC NEPA Implementing Procedures (48 FR 44083), have prepared a Draft PEIS for the Proposed Action. EPA and USIBWC invite public comment on the scope of the Draft PEIS, the Proposed Action (including alternatives considered), specific environmental issues evaluated, relevant information and analyses, the identified impacts of the alternatives, and applicable mitigation measures.

The San Diego-Tijuana region has faced persistent transboundary flows of contaminated wastewater originating in Mexico for many years. The three primary entryways of these transboundary flows into the U.S. are in coastal waters of the Pacific Ocean, the Tijuana River, and tributaries flowing north through canyons to the Tijuana River. Seasonal marine currents cause coastal discharges of largely untreated wastewater (sewage) from the Tijuana area to migrate north along the Pacific Ocean coast into the U.S. These discharges impact southern San Diego County beaches, especially during the summer. Additionally, transboundary flows in the Tijuana River and its
