SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Build America, Buy America Act (BABAA) Domestic Sourcing Requirements Waiver—United States Department of Education BABAA Waiver Request Form.

OMB Control Number: 1894-0018.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: State, local, and Tribal Governments.

Total Estimated Number of Annual Responses: 470.

Total Estimated Number of Annual Burden Hours: 4,700.

Abstract: In accordance with section 70914 of the Build America Buy America Act (Pub. L. 117-58 sections 70901-70953) (BABAA), grantees funded under Department of Education (the Department) programs that allow funds to be used for infrastructure projects (infrastructure programs), *i.e.*, construction and broadband infrastructure, may not use their grant funds for these infrastructure projects or activities unless they comply with the following BABAA sourcing requirements: (1) All iron and steel used in the infrastructure project or activity are produced in the United States, (2) All manufactured products used in the infrastructure project or activity are

produced in the United States, and (3) All construction materials are manufactured in the United States.

The Department may, in accordance with sections 70914(b) and (d), 70921(b), 70935, and 70937 of BABAA, and the Office of Management and Budget Memorandum M 22-11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure, approve waivers to BABAA sourcing requirements submitted by grantees under programs it has identified as infrastructure programs when it determines that exceptions to these requirements apply. The Department may approve, subject to notice and comment requirements and the Office of Management and Budget Made in America Office (MIAO) review, the types of waivers listed below when one or more of the following conditions are met: (1) Public Interest Waiver—Applying the BABAA sourcing requirement would be inconsistent with the public interest, (2) Non-availability Waiver—The types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality, and (3) Unreasonable Cost Waiver—The inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

This is a new information collection and it includes the following two documents: (1) the Build America, Buy America Act (BABAA) Domestic Sourcing Requirements Waiver—United States Department of Education BABAA Waiver Request Form (BABAA Waiver Request Form); and (2) a document listing the BABAA Waiver Request Form data elements.

SUPPLEMENTARY INFORMATION:

Title: FERC-915, Public Utility Market-Based Rate Authorization

Holders—Records Retention Requirements.

OMB Control No.: 1902-0250.

Type of Request: Three-year extension of the FERC-915 information collection requirements with no changes to the current record retention requirements.

Abstract: In accordance with the Federal Power Act, the Department of Energy Organization Act (DOE Act), and the Energy Policy Act of 2005 (EPAct 2005), the Commission regulates the transmission and wholesale sales of electricity in interstate commerce, monitors and investigates energy markets, uses civil penalties and other means against energy organizations and individuals who violate FERC rules in the energy markets, administers accounting and financial reporting regulations, and oversees conduct of regulated companies.

The Commission imposes the FERC-915 record retention requirements in 18 CFR 35.41(d) on applicable sellers to retain, for a period of five years, all data

and information upon which they bill the prices charged for “electric energy or electric energy products sold pursuant to Seller’s market-based rate tariff, and the prices it reported for use in price indices.”

FERC-915 is necessary to protect the integrity of the market by preserving documentation of relevant price data in the event of an investigation of possible wrongdoing. The requirement ensures that documentation is retained for a period consistent with the parameters of the generally applicable statute of limitations for the Commission to assess civil penalties against a seller for violations of the FERC’s rules, regulations, or orders.

Type of Respondent: Sellers, as that term is defined in 18 CFR 35.36.

*Estimate of Annual Burden:*¹ The Commission estimates the annual public reporting burden and cost² (rounded) for the information collection as follows:

FERC-915, PUBLIC UTILITY MARKET-BASED RATE AUTHORIZATION HOLDERS—RECORDS RETENTION REQUIREMENTS

FERC requirement	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden & cost per response	Total annual burden hours & cost	Annual cost per respondent (\$)
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)	(5) ÷ (1)
FERC-915	2,510	1	2,510	1 hr.; \$34.00	2,510 hrs.; \$85,340	\$34.00
Total			2,510		2,510 hrs.; \$85,340	

In addition, there are records storage costs. For all respondents, we estimate a total of 65,000 cu. ft. of records in off-site storage. Based on an approximate storage cost of \$0.24 per cubic foot, we estimate total annual storage cost to be \$15,600.00 (or \$6.22 annually per respondent). The total annual cost for all respondents (burden cost plus off-site storage) is \$100,940.00 (or \$85,340 + \$15,600); the average total annual cost per respondent is \$40.22 (\$6.22 + \$34.00).³

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collection

of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: December 23, 2022.

Debbie-Anne A. Reese,

Deputy Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Filings Instituting Proceedings

Docket Numbers: RP23-301-000.

Applicants: Alliance Pipeline L.P.

Description: § 4(d) Rate Filing;

Negotiated Rates—Various Jan 1 2023 Releases to be effective 1/1/2023.

Filed Date: 12/21/22.

Accession Number: 20221221-5083.

Comment Date: 5 p.m. ET 1/2/23.

Docket Numbers: RP23-302-000.

¹ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

² The estimated hourly cost (for wages plus benefits) provided in this section are based on the figures posted by the Bureau of Labor Statistics

(BLS) for the Utilities section available (at https://www.bls.gov/oes/current/naics2_22.htm) and benefits information (for June 2022, issued March 2022, at <https://www.bls.gov/news.release/ecec.nr0.htm>). The hourly estimates for salary plus benefits are:

File Clerk (Occupation code: 43-4071), \$34.38 an hour. We are rounding the hourly cost to \$34.00.

³ Given that the Commission has found (1) that Sellers use standard computer-based methods to store the retained information automatically on electronic media and (2) that storage space needed costs pennies per Gigabyte, estimating burden and storage assuming use of traditional paper records provides an extreme boundary on the estimated costs.
