HRSA understands is intended to include support for teams currently funded by ITCP State awards (HRSA–22–073). The supplemental awards align with the current ITCP—State awards funding opportunity (HRSA–22–073) and program purpose to continue and expand research-based infant-toddler

court teams to improve child welfare practices and enhance the early developmental health and well-being of infants, toddlers, and their families. HRSA is awarding a total of approximately \$2.7 million to the 12

current ITCP—State award recipients noted in Table 1.
