SUPPLEMENTARY INFORMATION:

Title: Evaluation of the Prime Vendor Pilot Project—Data Collection Instruments.

OMB Number: Not yet assigned.

Expiration Date: N/A

Type of Request: New collection of information.

Abstract: The Prime Vendor Project is a pilot of the Food Distribution Program in Indian Reservations (FDPIR) that is planned to last from July 1, 2001 to June 30, 2002. The FDPIR was authorized by Section 4(b) of the Food Stamp Act of 1977 [7 U.S.C. 1313(b)] and Section 4(a) of the Food and Consumer Protection Act of 1973 [7 U.S.C. 612(c) Note]. The Prime Vendor Pilot will establish a partnership between USDA and the Department of Defense (DoD) to pilot test food distribution operations through a Prime Vendor system. The participating recipients will be the 23 Indian Tribal Organizations (ITO's) in the Midwest Region, covering Minnesota, Wisconsin, and Michigan. Through the Prime Vendor Pilot agreement, USDA becomes a party to the existing DoD contract with commercial wholesalers/distributors through which the Prime Vendor will accept food orders directly from the ITO's, and deliver food items in three days, rather than 60-90 days as currently practiced. ITO's can also order

as frequently as needed, instead of once a month, as long as the USDA ordering/entitlement cap set for the ITO is not exceeded. Under this pilot, USDA buys food items directly from the wholesalers/distributors without any middleman. In short, the Prime Vendor will procure foods pre-approved by FNS, store and deliver them to the ITO, and bill USDA. The evaluation component will collect information from ITO's, USDA agencies, and regional offices using two questionnaires: one for the ITO respondents and the other for respondents from the Food and Nutrition Service (FNS), the Agricultural Marketing Service (AMS), the Farm Service Agency (FSA), the Midwest Regional Office (MWRO), and the Kansas City Commodity Office (KCCO). Respondent interviews will be self-administered at two data collection points: pre- and post-intervention.

Estimate of Burden: Public burden for respondents of ITO's is estimated at 1 hour per response for two responses each by 33 respondents ($33 \times 2 \times 1$ hour = 66 hours).

Respondents: The most knowledgeable FDPIR staff member in the ITO will be interviewed. Note: also as part of this effort, the most knowledgeable FDPIR staff member in FNS, AMS, FSA, MWRO, and KCCO will be interviewed as well.

Estimated Number of Respondents: Twenty-three respondents will be interviewed from ITO's in the Midwest Region, 10 respondents from other ITO's. Note: as part of this effort, 5 respondents will be interviewed from USDA agencies and regional offices.

Estimated Number of Responses Per Respondent: Two.

Estimated Total Annual Burden on Respondents: 66 hours (33×2 interviews $\times 1$ hour each).

Dated: May 25, 2001.

George A. Braley,

Acting Administrator, Food and Nutrition Service.
