39 CFR Part 111

New Mailing Standards for Domestic Mailing Services Products

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: On May 28, 2021 the Postal Service (USPS®) filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC), effective August 29, 2021. This proposed rule contains the revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) that we would adopt to implement the changes coincident with the price adjustments.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: Proposed prices will be available under Docket No. R2021–2 on the Postal Regulatory Commission's website at www.prc.gov.

The Postal Service's proposed rule includes: Changes to prices, mail classification updates, product simplification efforts, and a few minor revisions to the DMM.

Direct Pallet Discount for Marketing Mail High Density Flats

The Postal Service is proposing to offer additional discounts to move additional USPS Marketing Mail High Density flats to direct pallets.

Flat shaped pieces on direct pallets are operationally desirable, pallets can be directly cross docked to the Destination Delivery Units (DDUs). These pallets consist of Carrier Route and finer sorted bundles such as High Density, High Density Plus, and Saturation. The nature of their make-up allows the Postal Service to avoid moving these pallets to bundle sorters within the plant, sorting the bundles, and moving these bundles back to the dock to be transported to the DDU.

First-Class Mail Nonautomation Letters Change

Currently, the rate structure for all nonautomation letters only offers one price for machinable and nonmachinable letters and a nonmachinable surcharge for pieces that are nonmachinable.

The Postal Service is proposing to offer two prices for machinable letters, AADC and Mixed AADC; and three prices for nonmachinable letters, 5-digit, 3-digit, and Mixed ADC. This structural change will reduce revenue at risk and better align prices for customers mailing nonautomation letters, machinable and nonmachinable. This change will also eliminate the nonmachinable surcharge applicable to nonautomation presort letters.

Although exempt from the notice and comment requirements of the

Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comments on the following proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.

We will publish an appropriate amendment to 39 CFR part 111 to reflect these changes if our proposal is adopted.
