

Summary of the License Application

For the purposes of this application, the proposed Bluewater Deepwater Port Project is described in three distinguishable segments by locality to include the onshore components, the inshore components, and the offshore components.

Onshore components associated with the proposed Bluewater project are defined as those components on the landward side of the western Redfish Bay Mean High Tide (MHT) line, located in San Patricio and Aransas Counties, Texas. The onshore project components include:

- Approximately 22.13 miles of two new parallel 30-inch-diameter crude oil pipelines extending from a planned multi-use terminal located south of the City of Taft in San Patricio County, Texas.

- The planned Multi-Use Terminal will connect to multiple inbound and outbound crude oil pipelines. Two of those outbound pipelines are the proposed pipeline infrastructure that will extend to the inshore pipeline(s), which connect to the proposed operation facility located on Harbor Island described below. One water tank will be constructed at the Multi-Use Terminal to flush the offshore pipelines running to the Single Point Mooring (SPM) buoys described below.

Inshore components associated with the proposed Bluewater Deepwater Port Project are defined as those components located between the western Redfish Bay MHT line and the MHT line located at the interface of San Jose Island and the Gulf of Mexico. Inshore project components include:

- Approximately 7.29 miles of two new 30-inch-diameter crude oil pipelines connecting to the onshore facility, an approximately 12-acre operations station and a connection to the offshore pipeline. The onshore pipeline would be located within San Patricio County, Texas and Nueces County, Texas and a proposed operations facility would be located on Harbor Island in Nueces County, Texas.

- The operations facility located on Harbor Island will include approximately 12 acres of land and house the necessary infrastructure to support the transport of crude oil through the proposed pipeline infrastructure to the deepwater port for the loading of moored vessels. The facility would consist of pig launchers/receivers, meters and valves, operations building, and a communications facility, but no crude oil storage.

Offshore components associated with the proposed Bluewater Deepwater Port

Project are defined as those components located seaward of the MHT line located at the interface of San Jose Island and the Gulf of Mexico. The offshore project components include:

- Approximately 26.76 miles of two new 30-inch-diameter crude oil pipelines extending from the shoreline crossing at the interface of San Jose Island to the offshore Bluewater Deepwater Port Project for crude oil delivery to Single Point Mooring (SPM) buoys.

- Two SPMs in Outer Continental Shelf Matagorda Island Area TX4 lease blocks 698 and 699, approximately 15 nautical miles (17.26 statute miles) off the coast of San Patricio County, Texas in a water depth of approximately 89 feet.

- A catenary anchor leg mooring (CALM) system for each SPM buoy connected to a pipeline end manifold (PLEM) system, mooring hawsers, floating hoses, and submarine hoses to allow for the loading of crude oil to vessels moored at the proposed deepwater port. The SPM buoy system will be permanently moored with a symmetrically arranged six-leg anchor dual chain configuration extending to twelve 72-inch-diameter pile anchors installed on the seafloor.

- Each of the proposed SPM buoy systems will consist of inner and outer cylindrical shells subdivided into twelve equal-sized watertight radial compartments. A rotating table will be affixed to the SPM buoy and allow for the connection of moored vessels to the SPM buoy system via mooring hawsers. Two floating hoses equipped with marine break-away couplings will be utilized for the transfer of crude oil from the SPM buoy systems to the moored vessel. Floating hoses will be equipped with strobe lights at 15-foot intervals for detection at night and low-light conditions.

[Docket No. MARAD-2021-0245]

Coastwise Endorsement Eligibility Determination for a Foreign-Built Vessel: NSN AGAIN (Motor); Invitation for Public Comments

AGENCY: Maritime Administration, DOT.

ACTION: Notice.

SUMMARY: The Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to issue coastwise endorsement eligibility determinations for foreign-built vessels which will carry no more than twelve passengers for hire. A request for such a determination has been received by MARAD. By this notice, MARAD seeks comments from interested parties as to any effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. Information about the requestor's vessel, including a brief description of the proposed service, is listed below.

DATES: Submit comments on or before December 1, 2021.

ADDRESSES: You may submit comments identified by DOT Docket Number MARAD-2021-0245 by any one of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Search MARAD-2021-0245 and follow the instructions for submitting comments.

- *Mail or Hand Delivery:* Docket Management Facility is in the West Building, Ground Floor of the U.S. Department of Transportation. The Docket Management Facility location address is: U.S. Department of Transportation, MARAD-2021-0245, 1200 New Jersey Avenue SE, West Building, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except on Federal holidays.

Note: If you mail or hand-deliver your comments, we recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

Instructions: All submissions received must include the agency name and

specific docket number. All comments received will be posted without change to the docket at www.regulations.gov, including any personal information provided. For detailed instructions on submitting comments, or to submit comments that are confidential in nature, see the section entitled Public Participation.

FOR FURTHER INFORMATION CONTACT:

James Mead, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE, Room W23-459, Washington, DC 20590. Telephone 202-366-5723, Email James.Mead@dot.gov.

SUPPLEMENTARY INFORMATION: As described in the application, the intended service of the vessel NSN AGAIN is:

—*Intended Commercial Use of Vessel:* “Yacht charters, mostly day charters with some overnight term charters. We would be carrying passengers for hire only.”

—*Geographic Region Including Base of Operations:* “Florida, Georgia, South Carolina, North Carolina, Virginia, Delaware, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, New Hampshire, and Maine.” (Base of Operations: Fort Lauderdale, FL)

—*Vessel Length and Type:* 66’ Motor
The complete application is available for review identified in the DOT docket as MARAD 2021-0245 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel’s coastwise endorsement eligibility. Comments should refer to the vessel name, state the commenter’s interest in the application, and address the eligibility criteria given in section 388.4 of MARAD’s regulations at 46 CFR part 388.

Public Participation

How do I submit comments?

Please submit your comments, including the attachments, following the instructions provided under the above heading entitled **ADDRESSES**. Be advised that it may take a few hours or even days for your comment to be reflected on the docket. In addition, your

comments must be written in English. We encourage you to provide concise comments and you may attach additional documents as necessary. There is no limit on the length of the attachments.

Where do I go to read public comments, and find supporting information?

Go to the docket online at <http://www.regulations.gov>, keyword search MARAD-2021-0245 or visit the Docket Management Facility (see **ADDRESSES** for hours of operation). We recommend that you periodically check the Docket for new submissions and supporting material.

Will my comments be made available to the public?

Yes. Be aware that your entire comment, including your personal identifying information, will be made publicly available.

May I submit comments confidentially?

If you wish to submit comments under a claim of confidentiality, you should submit the information you claim to be confidential commercial information by email to SmallVessels@dot.gov. Include in the email subject heading “Contains Confidential Commercial Information” or “Contains CCI” and state in your submission, with specificity, the basis for any such confidential claim highlighting or denoting the CCI portions. If possible, please provide a summary of your submission that can be made available to the public.

In the event MARAD receives a Freedom of Information Act (FOIA) request for the information, procedures described in the Department’s FOIA regulation at 49 CFR 7.29 will be followed. Only information that is ultimately determined to be confidential under those procedures will be exempt from disclosure under FOIA.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. To facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered.
