

III. 2025 TRIP Data Call

Treasury, through an insurance statistical aggregator, will accept group or insurer registration forms through <https://tripsection111data.com>. Registration is mandatory for all insurers participating in the 2025 TRIP Data Call. Upon registration, the aggregator will transmit individualized data collection forms (in Excel format) to the reporting group or insurer via a secure file transfer portal. The reporting group or insurer may transmit a complete data submission via the same portal using either the provided Excel forms or a .csv file.¹³

Copies of the instructions and data collection forms are available on Treasury's website in a read-only format. Reporting insurers will obtain the fillable reporting forms directly from the data aggregator only after registering for the data collection process.

Reporting insurers are required to register and submit complete data to Treasury no later than May 15, 2025. Because of the statutory reporting deadline for Treasury's 2025 Small Insurer Study to Congress, no extensions will be granted. Reporting insurers can ask the data aggregator questions about registration, form completion, and submission at tripsection111data@iso.com. Reporting insurers may also submit questions to the Treasury contacts listed above. Questions regarding submission of data to state insurance regulators should be directed to the appropriate state insurance regulator or the NAIC.

All data submitted to the aggregator is subject to the confidentiality and data protection provisions of TRIA and the Program Rules, as well as to section 552 of title 5, United States Code, including any exceptions thereunder. In accordance with the Paperwork Reduction Act (44 U.S.C. 3501–3521), the information collected through the web portal has been approved by OMB under Control Number 1505–0257. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.

Agency Information Collection Activity Under OMB Review: Verification of VA Benefits

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995, this notice announces that the Veterans Benefits Administration, Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden, and it includes the actual data collection instrument.

SUPPLEMENTARY INFORMATION:

Title: Verification of VA Benefits (VA Form 26–8937).

OMB Control Number: 2900–0406
<https://www.reginfo.gov/public/do/PRASearch>.

Type of Review: Revision of a currently approved collection.

Abstract: VA Form 26–8937 is designed to assist lenders and VA in the completion of debt checks in a uniform manner. The form restricts information requested to only that needed for the debt check and also eliminates unlimited versions of lender-designed forms. This form is also occasionally used to inform the lender prior to loan closing if a Veteran is eligible for an exemption from the funding fee.

Lenders ensure the completion of the upper portion of VA Form 26–8937, including the veteran's authorization for release of the information, and forward it to the appropriate VA Office. VA personnel perform the debt check, complete the balance of the form, and

return it to the lender, who considers any repayment terms in evaluating the veteran's creditworthiness. Following the closing of any loan, the lender submits the form with the loan report and related documents for post-closing review. The form is reviewed by a loan examiner to ensure that debt check requirements have been observed in each case.

The decrease in the use of the form is due to system enhancements which now allow VA to provide the lenders more reliable and timely updates (Veteran's funding fee exemption status, the amount of a Veteran's VA service-connected disability award, or the loan level requirement for VA pre-close prior approval) on the veteran's Certificate of Eligibility, which in turn has reduced the need for the lenders to submit the verification form. The form is still required from the lender for VA pending pre-discharge claims or when system issues prevent automatic COE updates.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Agency Information Collection Activity Under OMB Review: Application for Extended Care Services

AGENCY: Veterans Health Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995, this notice announces that the

Veterans Health Administration (VHA), Department of Veterans Affairs (VA), will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden, and it includes the actual data collection instrument.

SUPPLEMENTARY INFORMATION:

Title: Application for Extended Care Services (VA Form 10–10EC).

OMB Control Number: 2900–0629
<https://www.reginfo.gov/public/do/PRASearch>.

Type of Review: Revision of a currently approved collection.

Abstract: Title 38 U.S.C. chapter 17 authorizes VA to provide hospital care, medical services, domiciliary care, and nursing home care to eligible Veterans. Title 38 U.S.C. 1705 requires VA to design, establish, and operate a system of annual patient enrollment in accordance with a series of stipulated priorities. A consequence of this is that many groups of Veterans who are in a lower priority group (WWI Veterans, Veterans with disabilities rated as 0% service-connected seeking treatment for other than their service-connected conditions, Veterans exposed to a toxic substance, radiation, or environmental hazard and nonservice-connected Veterans) may request that they be allowed to be income tested in order to gain a higher priority. Title 38 U.S.C. 1722 establishes eligibility assessment procedures for cost-free VA medical care, based on income levels, which will determine whether nonservice-connected and 0% service-connected non-compensable Veterans are able to defray the necessary expenses of care for nonservice-connected conditions. Title 38 U.S.C. 1722A establishes the eligibility assessment procedures, based on income levels, for determining Veterans’ eligibility for cost-free medications. Title 38 U.S.C. 1710B

defines the procedures for establishing eligibility for cost-free Extended Care benefits. Title 38 U.S.C 1729 authorizes VA to recover from Veterans’ health insurance carriers the cost of care furnished for their nonservice-connected conditions.

VA Form 10–10EC, Application for Extended Care Services, is used to collect financial information necessary to determine a Veteran’s copayment obligation for extended care services, also known as long term care (LTC). The 10–10EC design has been revised to clarify the instructions and make it easier to understand and complete the form. However, there are no changes to the anticipated annual number of responses or burden hours for this information collection.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
