DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 17, 2013.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by August 22, 2013 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street, NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Spring Viremia of Carp-Susceptible Finfish and their Gametes, and Diagnostic Specimens Importation Permits.

OMB Control Number: 0579-0301.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of the health of animals under the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) regulatory authority. APHIS has import restrictions at title 9, parts 92 through 98, of the CFR. Sections 93.900 through 93.906 contain the requirements to prevent the introduction spring viremia of carp disease (SVC) into the United States. SVC is disease of certain species of finfish that is caused by an eponymous rhabdovirus. The disease is considered extremely contagious, and there are currently no U.S. approved vaccines or treatments for the virus.

Need and Use of the Information: APHIS has developed import requirements for SVC-susceptible fish species. This necessitates the use of several information collection activities, including the completion of VS forms 17-129, Fish Import Permit Application, 17-29, Application for Import or In Transit Permit, 16-3, Diagnostic Specimen Import Permit Application, 17-136, Refusal of Entry and Order to Dispose of Fish; a health certificate and or cleaning and disinfection certificate; 72-hour notification of arrival, and recordkeeping requirements. Without the information, APHIS would be unable to effectively protect farmed fish populations that are known to be susceptible to SVC from imports of finfish or their gametes infected with SVC virus.

Description of Respondents: Business or other for-profit; Federal Government.

Number of Respondents: 77.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 1,017.

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Title: Supplemental Nutrition Assistance Program: State Agency Options

OMB Number: 0584-0496

Form Number: None

Expiration Date: 11/30/2013

Type of Request: Revision of a currently approved information collection.

Abstract: The collections covered under OMB Number 0584-0496, address information and burden estimates associated with the following State Agency Options: Establishing and reviewing standard utility allowances and establishing methodology for offsetting cost of producing self-employment income.

This notice revises the State Agency Options information collection for the Supplemental Nutrition Assistance Program (SNAP) to reflect changes in the number of States that have implemented the options herein and the change in burden since the previous revision. Federal regulations implementing SNAP application and certification procedures are contained in Parts 271, 272 and 273 of Title 7 of the Code of Federal Regulations (CFR). The regulations addressing State agency options specified in this collection are contained in 7 CFR part 273.

The last two revisions of this collection extended the collection burden to account for changes required by the Farm Security and Rural Investment Act of 2002 (FSRIA) proposed and final rules. The Food, Conservation and Energy Act of 2008 (FCEA) made no changes to this collection. However, since the last renewal, there have been changes in the number of states that take the options in this collection. This collection revises the number of State agencies that have implemented the options herein as well as the burden associated with the collection.

Establishing and Reviewing Standard Utility Allowances

The regulations at 7 CFR 273.9(d)(6)(iii) allow State agencies to establish standard utility allowances (SUA) in place of the actual utility costs incurred by a household. State agencies are required to review and adjust SUAs annually to reflect changes in the costs of utilities. State agencies are required to submit the amounts of standards when they are changed and methodologies used to develop and update the standards to FNS for approval when they are developed or changed.

Estimates of burden: Currently, 50 State agencies have a standard that includes heating or cooling costs and 40 have a standard for utility costs other

than heating or cooling. In addition, 52 State agencies have a telephone allowance standard. We estimate 52 State agencies will submit one request to adjust the SUAs, for a total annual response of 52 requests at a minimum of 2.5 hours annually (52 State agencies $\times$ 1 SUAs request = 52 total annual responses $\times$ 2.5 hours = 130 hours). Total burden for this provision is estimated to be 130 hours per year. This burden activity remains unchanged from the previous submission.

Self-employment Costs

The regulations at 7 CFR 273.11(b) allow self-employment income to be reduced by the cost of producing such income. The regulations allow the State agencies, with approval from FNS, to establish the methodology for offsetting the costs of producing self-employment income, as long as the procedure does not increase program costs.

Estimates of burden: Based on the information provided in the Tenth Edition of the SNAP State Options Report, 18 State agencies have incorporated a methodology for determining the cost of doing business in self-employment cases. This is an increase from ten states in the 2010 information collection. It is estimated that these 18 States will submit one request, totaling 18 annual responses. States will incur a burden of at least 10 working hours gathering and analyzing data, developing the methodology, determining the cost implication and submitting a request to FNS, for a total burden of 180 hours annually (18 State agencies $\times$ 1 request = 18 total annual responses $\times$ 10 working hours = 180 burden hours). This is an increase of 80 burden hours from the previous submission.

Record Keeping Burden Only

All 53 State agencies are required to keep and maintain one record of the information gathered and submitted to FNS for the SUA and self-employment options. It is estimated that this process will take 7 minutes or .1169 hours per year for each State agency, resulting in a total annual burden of 6 hours (53 State agencies $\times$ 1 record = 53 total annual records $\times$.1169 hours = 6 hours). This burden remains unchanged from the previous submission.

The following table illustrates the burden estimates associated with the State agency options included in this collection.
