

tuners infringe claims 1–3, and 7–8 of the '585 patent and that Cresta failed to demonstrate infringement by Silicon Labs of claims 10, 12, and 13 of the '585 patent. The Commission also finds that Cresta failed to demonstrate that Silicon Labs infringes any of the asserted claims of the '792 patent.

The Commission finds that, for the specific models of televisions for which Cresta demonstrated direct infringement that Cresta adequately demonstrated contributory infringement by MaxLinear or Silicon Labs.

The Commission finds that Cresta satisfies the technical prong of the domestic industry requirement for the '792 patent, but not for the '585 patent. The Commission further finds that Cresta failed to satisfy the economic prong of the domestic industry requirement for the '585 patent and the '792 patent.

The reasons for the Commissions determinations will be set forth more fully in the Commission's forthcoming opinion. Commissioner Schmidlein will write separately with her views as to the basis for the Commission's determination that Cresta failed to meet the economic prong of the domestic industry requirement.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act and Oil Pollution Act

Notice is hereby given that on October 5, 2015, a proposed Consent Decree ("Decree") will be lodged in *U.S. v. BP Exploration and Production, et al*, Civil No. 10-4536 (E.D. La.) (centralized in MDL 2179: *In Re: Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010*).

In this civil enforcement action the United States sought, among other things, civil penalties under Section 311(b) of the Clean Water Act, 33 U.S.C. 1321(b), and a declaration of liability for natural resource damages under the Oil Pollution Act, 33 U.S.C. 2702, against BP Exploration and Production Company, Inc. ("BP"). The claims arise against BP (and other defendants as well) from the discharge of oil into the Gulf of Mexico resulting from the blowout of the Macondo Well that began in April 2010.

Under the proposed Decree, BP, among other things, will pay (1) a \$5.5 billion civil penalty under the Clean Water Act; (2) \$8.1 billion for natural resource damages under the Oil Pollution Act (including the \$1 billion that BP had previously pledged under a prior agreement), plus up to \$700
