

requirements to assist the agency in satisfying public involvement under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM and Forest Service will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts to treaty rights and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed project that is being evaluated, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM or FS to participate in the development of the environmental analysis as cooperating agencies.

Alternatives and Schedule

The EIS will analyze the Proposed Action and the No Action Alternative. Other alternatives may be considered that could provide mitigation of potential impacts.

The tentative EIS project schedule is as follows:

- Begin public scoping period and meetings: Summer 2012;
 - Release draft EIS and associated comment period: January 2015;
 - Final EIS publication: Fall 2016;
- and
- Records of Decision: Fall 2016.

Scoping Procedure

The scoping procedure to be used for this EIS will involve notification in the **Federal Register**; a mailing to interested and potentially affected individuals, groups, Federal, State, and local government entities requesting input by way of comments, issues and concerns; news releases or legal notices; and public scoping meetings.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Comments will be available for

public review at the BLM address listed above during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except Federal holidays.

The BLM and the FS are seeking information and written comments concerning the Proposed Action from Federal, State, tribal, and local agencies, individuals, and organizations interested in, or affected by, the Proposed Action or Alternatives. To assist the BLM and the FS in identifying issues and concerns related to the Proposed Action, scoping comments should be as specific as possible.

At least three “open-house” style public scoping meetings will be held which will include displays explaining the project and a forum for asking questions and commenting on the project.

Meetings are planned to be held in Pocatello, Fort Hall, and Soda Springs, Idaho. The dates, times, and locations of the public scoping meetings will be announced in mailings and public notices issued by the BLM (see **DATES** above).
