

Producer/Exporter	Net subsidy rate (percent)
Guangdong Wireking Housewares & Hardware Co., Ltd	2.16
New King Shan (Zhu Hai) Co., Ltd	2.89
Leader Metal Industry Co., Ltd. (aka Marmon Retail Services Asia)	2.53
Hangzhou Dunli Import and Export Co., Ltd/Hangzhou Dunli Industry Co., Ltd	2.53
Hengtong Hardware Manufacturing (Huizhou) Co., Ltd	2.53
Jiangsu Weixi Group Co.	239.33
Asia Pacific CIS (Wuxi) Co., Ltd	239.33

Assessment Rates

If these preliminary results are adopted in our final results of this review, the Department intends to issue appropriate assessment instructions (as described below) directly to CBP 15 days after publication of the final results of this review.

Oven Racks

For certain oven racks from the PRC entered, or withdrawn from warehouse for consumption from September 9, 2009, through December 31, 2009, the Department will instruct CBP to assess countervailing duties at the rates applicable to each company shown above and to liquidate such entries. Entries of certain oven racks occurring before September 9, 2009, were already liquidated at the time of the CVD order due to the ITC's finding of threat of material injury on certain oven racks. *See CVD Order*, 74 FR at 46974–75.

Refrigeration Shelving

For certain refrigeration shelving from the PRC entered, or withdrawn from warehouse, for consumption from January 7, 2009, through May 6, 2009, and September 9, 2009, through December 31, 2009, the Department will instruct CBP to assess countervailing duties at the rates applicable to each company shown above and to liquidate such entries. Entries of certain refrigeration shelving occurring during the period May 7, 2009, through September 8, 2009, were not suspended for CVD purposes due to the termination of provisional measures. *See CVD Order*, 74 FR at 46974–75.

Cash Deposit Instructions

The Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested. These cash deposit

requirements, when imposed, shall remain in effect until further notice.

Public Comment

Interested parties may submit written arguments in case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, limited to issues raised in case briefs, may be filed not later than five days after the date of filing the case briefs. Parties who submit briefs in this proceeding should provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited. Copies of case briefs and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.303(f).

In accordance with 19 CFR 351.310(c), interested parties may request a hearing within 30 days after the date of publication of this notice. Unless otherwise specified, the hearing, if requested, will be held two days after the scheduled date for submission of rebuttal briefs.

Pursuant to section 751(a)(3)(A) of the Act, the Department will publish a notice of the final results of this administrative review within 120 days from the publication of these preliminary results.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: September 30, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

National Institute of Standards and Technology

Notice of Public Meeting—Cloud Computing Forum & Workshop IV

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: NIST announces the Cloud Computing Forum & Workshop IV to be held on November 2, 3 and 4, 2011. This

workshop will provide information on the U.S. Government (USG) Cloud Computing Technology Roadmap initiative. This workshop will also provide an updated status on NIST efforts to help develop open standards in interoperability, portability and security in cloud computing. This event is open to the public. In addition, NIST invites organizations to participate as Exhibitors as described in the **SUPPLEMENTARY INFORMATION** section below.

DATES: The Cloud Computing Forum & Workshop IV will be held November 2, 3, and 4, 2011.

ADDRESSES: On the first and second day of the event, November 2 & 3, panel discussions will be held at the National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, MD 20899 in the Red Auditorium of the Administration Building, Building 101. The third day, November 4, will feature workshops held at the Crown Plaza, 3 Research Court, Rockville, MD 20850. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: To submit a response to this request for exhibitors, and for further information contact Romaine Hines by e-mail at romayne.hines@nist.gov or by phone at (301) 975–4500.

SUPPLEMENTARY INFORMATION: NIST hosted three prior Cloud Computing Forum & Workshop events in May 2010, November 2010, and April 2011. The purpose of these workshops was to respond to the request of the Federal Chief Information Officer to NIST to lead federal efforts on standards for data portability, cloud interoperability, and security. The workshops' goals were to initiate engagement with industry to accelerate the development of cloud standards for interoperability, portability, and security; discuss the Federal Government's experience with cloud computing, report on the status of the NIST Cloud Computing efforts, launch and report progress on the NIST led initiative to collaboratively develop a USG Cloud Computing Technology Roadmap among multiple federal and

industrial stakeholders, and to advance a dialogue between these groups.

NIST invites members of the public, especially cloud computing community stakeholders to participate in this event as exhibitors. On November 2 and 3, 2011, space will be available for NIST would like to invite 30 academic, industry, and standards developing organizations to exhibit their respective cloud computing work at a demonstration booth or table which is co-located with the event. Interested organizations should contact Romayne Hines by e-mail at romayne.hines@nist.gov or by phone at (301) 975-4500. Exhibitors will be accepted in the order in which their responses are received. The first 30 organizations which respond will be accepted. Responses must be submitted by an authorized representative of the organization. Logistics information will be provided to accepted exhibitors. NIST will provide the exhibit location space and one work table free of charge. Exhibitors are responsible for the cost of the exhibit, including staffing and materials. NIST reserves the right to exercise its judgment in the placement of exhibits. General building security is supplied; however, exhibitors are responsible for transporting and securing exhibit equipment and materials.

All visitors to the NIST site are required to pre-register to be admitted and have appropriate government-issued photo ID to gain entry to NIST. Anyone wishing to attend this meeting must register at <http://www.nist.gov/itl/cloud/cloudworkshopiv.cfm> by close of business Wednesday, October 26, 2011.

Dated: October 4, 2011.

Willie E. May,

Associate Director for Laboratory Programs.

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Alaska Recreational Charter Vessel Guide and Owner Data Collection

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general

public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 6, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Amber Himes-Cornell, (206) 526-4221, or Amber.Himes@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Numerous management measures have recently been proposed or implemented that affect recreational charter boat fishing for Pacific halibut off Alaska. On January 5, 2010, the National Marine Fisheries Service (NMFS) issued a final rule establishing a limited entry permit system for charter vessels in the guided halibut sport fishery in International Pacific Halibut Commission Areas 2C (Southeast Alaska) and 3A (Central Gulf of Alaska) (75FR554). This permit system is intended to address concerns about the growth of fishing capacity in this fishery sector, which accounts for a substantial portion of the overall recreational halibut catch in Alaska. On March 16, 2011, a size limit on Pacific halibut caught while charter boat fishing for the 2011 fishing season was established (76FR14300). In addition, on July 22, 2011, a Halibut Catch Sharing Plan (76FR44156) was proposed that would alter the way Pacific halibut is allocated between the guided sport (*i.e.*, the charter sector) and the commercial halibut fishery.

To assess the effect of regulatory restrictions (currently in place or potential) on charter operator and owner behavior and welfare, it is necessary to obtain a better general understanding of the Alaska recreational charter boat industry. Some information useful for this purpose is already collected from existing sources, such as charter vessel logbooks administered by Alaska Department of Fish and Game (ADF&G). However, information on vessel and crew characteristics, services offered to clients, spatial and temporal aspects of their operations and fishing behavior, and costs and earnings information are

generally not available from these existing data sources and thus must be collected directly from the industry through voluntary survey efforts.

In order to address this information gap, NMFS' Alaska Fisheries Science Center proposes to conduct a survey of charter vessel owners to collect annual cost and earnings data that will supplement logbook data collected by ADF&G. The proposed data collection will provide basic economic information about the charter sector, including revenues produced from different products and services provided to clients, fixed and variable operating costs and locations of purchases. These data will support improved analysis and of the effects of fisheries regulations on the charter fishing industry, information that is increasingly needed by the Council and NMFS to deal with ongoing halibut resource issues and other fishery management issues involving the charter industry.

II. Method of Collection

The method of data collection will be a survey of charter vessel owners implemented through a mailed questionnaire.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission (request for a new information collection).

Affected Public: Individuals or households; business or other for-profit organizations.

Estimated Number of Respondents: 1,200.

Estimated Time per Response: 60 minutes.

Estimated Total Annual Burden Hours: 1,200.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
