Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; Michigan; Redesignation of Flint, Grand Rapids, Kalamazoo-Battle Creek, Lansing-East Lansing, Muskegon, Benton Harbor, Benzie County, Cass County, Huron County, and Mason County 8-Hour Ozone Nonattainment Areas to Attainment for Ozone

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is making determinations under the Clean Air Act (CAA) that the nonattainment areas of Flint (Genesee and Lapeer Counties), Grand Rapids (Kent and Ottawa Counties), Kalamazoo-Battle Creek (Calhoun, Kalamazoo, and Van Buren Counties), Lansing-East Lansing (Clinton, Eaton, and Ingham Counties), Muskegon (Muskegon County), Benton Harbor (Berrien County), Benzie County, Cass County, Huron County, and Mason County have attained the 8-hour ozone National Ambient Air Quality Standard (NAAQS). For the Grand Rapids, Kalamazoo-Battle Creek, Lansing-East Lansing, Benzie County, Huron County, and Mason County areas, these determinations are based on two overlapping three-year periods of complete, quality-assured ambient air quality monitoring data for the 2002–2004 seasons and the 2003–2005 seasons that demonstrate that the 8-hour ozone NAAQS has been attained in the areas. Quality assured monitoring data for 2006 show that the areas continue to attain the standard. For the Flint, Muskegon, Benton Harbor, and Cass County areas, these determinations are based on three years of complete quality-assured ambient air quality monitoring data for the 2004–2006 seasons that demonstrate that the 8-hour
