Foreign-Trade Zones Board

[B-18-2014]

Foreign-Trade Zone (FTZ) 247—Erie, Pennsylvania; Notification of Proposed Production Activity, GE Transportation, (Locomotives, Off-Highway Vehicles and Motors/Engines), Lawrence Park and Grove City, Pennsylvania

GE Transportation submitted a notification of proposed production activity to the FTZ Board for its facilities in Lawrence Park and Grove

City, Pennsylvania within Subzones 247A and 247B. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on February 14, 2014.

GE Transportation already has authority to produce locomotives; off-highway vehicle wheels, inverters and brake systems; components, spare parts and subassemblies for locomotives and off-highway vehicles; drill equipment; marine equipment; stationary equipment; diesel locomotive engines; engine turbo chargers; power assemblies; other engine assemblies; and, engine components and spare parts within Subzones 247A and 247B. The current request would add finished products and foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt GE Transportation from customs duty payments on the foreign status materials/components used in export production. On its domestic sales, GE Transportation would be able to choose the duty rates during customs entry procedures that apply to the finished products in the existing scope of authority as well as: Tank assemblies; tank reservoirs; waste receptacles; head hitters; wiper arm mounting assemblies; wiper blades; wiper arms; blades; brass heater cylinders; air horn tubes; high pressure nozzles; wiper connecting rods; heating elements; photodiscs; armatures; ringer bells; wiper arm bases; and, motors (duty rate ranges from duty-free to 4%) for the foreign status materials/components noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The materials/components sourced from abroad include: Salt; sodium bentonite powder; plaster of Paris; concrete mix; petroleum-based engine oil; lube oil; lubricating oil; petroleum jelly paste; corrosive preventative solvent; nitrogen cartridges; compressed nitrogen; carbon dioxide tire suppression; magnesium hydroxide; aluminum oxide; beta alumina powder; boehmite—aluminum hydroxide; sodium fluoride; aluminum chloride; sodium iodide; ferrous sulphide; sodium carbonate powder; saline solution; lithium hydroxide; bidistilled water; vinyl toluene; solvent and

Wooden Bedroom Furniture From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and New Shipper Reviews; 2012

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting the eighth administrative review ("AR") and a new shipper review ("NSR") of the antidumping duty order on wooden bedroom furniture ("WBF") from the People's Republic of China ("PRC"). The AR covers 60 exporters of subject merchandise, of which the Department selected three companies for individual examination. The NSR covers one exporter and producer of subject merchandise. The period of review ("POR") for the AR and NSR is January 1, 2012, through December 31, 2012. The Department preliminarily determines that one of the mandatory respondents in the AR and the respondent in the NSR have made sales of subject merchandise at less than normal value. Additionally, the Department preliminarily determines that it will treat the other two mandatory respondents in the AR as part of the PRC-wide entity. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* February 26, 2014.
