International Trade Commission Notification

In accordance with section 735(d) of the Act, the Department has notified the International Trade Commission ("ITC") of the final affirmative determination of sales at LTFV. In accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports, or sales (or the likelihood of sales) for importation, of the merchandise under consideration. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to the parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: May 28, 2013.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

On June 15, 2006, President Bush established the Papahānaumokuākea Marine National Monument by issuing Presidential Proclamation 8031 (71 FR 36443, June 26, 2006) under the authority of the Antiquities Act (16 U.S.C. 431). The proclamation includes restrictions and prohibitions regarding activities in the monument consistent with the authority provided by the act. Specifically, the proclamation prohibits access to the monument except when passing through without interruption or as allowed under a permit issued by NOAA and the Department of the Interior's U.S. Fish and Wildlife Service (FWS). Vessels passing through the monument without interruption are required to notify NOAA and FWS upon entering into and leaving the monument. Individuals wishing to access the monument to conduct certain regulated activities must first apply for and be granted a permit issued by

NOAA and FWS to certify compliance with vessel monitoring system requirements, monument regulations and best management practices. On August 29, 2006, NOAA and FWS published a final rule codifying the provisions of the proclamation (71 FR 51134).

II. Method of Collection

Respondents have a choice of either electronic or paper forms. Methods of submittal include email of electronic forms, and mail and facsimile transmission of paper forms.
