Title, Associated Form, and OMB Number: Department of Defense Standard Tender of Freight Services, SDDC Form 364-R, OMB Control Number 0702-0261.

Needs and Uses: The information derived from the DoD tenders on file with the Military Surface Deployment and Distribution Command (SDDC) is used by SDDC subordinate commands and DoD shippers to select the best value carriers to transport surface freight shipments. Freight carriers furnish information in a uniform format so that the Government can determine the cost of transportation, accessorial, and security services, and select the best value carriers for 1.1 million Bill of Lading shipments annually. The DoD tender is the source document for the General Services Administration post-shipment audit of carrier freight bills.

Affected Public: Business or other for-profit.

Annual Burden Hours: 5,391.

Number of Respondents: 434.

Responses per Respondent: 50.

Average Burden per Response: 15 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The DoD tender format was developed to take advantage of improved information collection technology and to connect with ongoing initiatives to implement automated systems to file tenders, select carriers, quote rates, and audits. The disciplined data fields of the tenders will facilitate the Electronic Data Interchange of tender data between carriers and SDDC, also between SDDC subordinate commands and DoD shippers. This initiative ultimately will permit electronic filing of the tender and eliminate mailing paper documents, which are manually processed.
