Community-based nongovernmental service providers who are not

transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2002 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's

review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Purpose

The Substance Abuse and Mental Health Administration's (SAMHSA) Center for Mental Health Services (CMHS) announces the availability of fiscal year 2002 funds for programs to divert individuals with mental illness from the criminal justice system to the mental health treatment and appropriate support services. These grants or cooperative agreements are made as part of SAMHSA/CMHS Targeted Capacity Expansion (TCE) Program.

This GFA on Jail Diversion, based on the Public Health Service Act Section 520G, is coordinated with the Department of Justice's solicitation "Mental Health Court Grants Program," authorized in Public Law 106-515, Part V, Section 2201.

It is the intention of both agencies to collaborate on both the implementation and analysis of these two programs. The overall goal of this collaboration is to improve policy and practice for addressing the needs of persons with a mental illness or co-occurring disorder

who become involved with the criminal justice system.

The SAMHSA, CMHS Jail Diversion Program will support two types of awards.

(1) **Capacity Expansion Site Awards.** SAMHSA will fund up to 10 grants to support programs that divert programs with mental illness from the criminal justice system to community health and supportive services (submission date: June 19, 2002). Additional funds are expected to be available in the FY 2003 budget to fund a second group of Capacity Expansion Sites (submission date September 10, 2002).

(2) **Technical Assistance and Policy Analysis (TAPA) Center Award.** SAMHSA will fund one grant to create the TAPA Center during FY 2002 (submission date: June 19, 2002). The Center's primary focus will be to address the technical assistance and policy development needs of *mental health* stakeholders and to assist in serving other potential stakeholders.

Eligibility

As specified by the Public Health Service Act 520G, eligibility to apply for Capacity Expansion Site Awards will be limited to the chief executive of a State, political subdivision of States, Indian Tribes, and tribal organizations, acting through agreements with other public and nonprofit entities to develop and implement programs to divert individuals with mental illness from the criminal justice system to community-based services. Thus, all applications must be signed by the chief executive of their State, political subdivision of State, Indian tribe, or tribal organization.

Eligibility to apply for the TAPA Center Award includes States, political subdivisions of States, Indian Tribes, and tribal organizations. In addition, the following entities are eligible:

- Public or private universities.
- Nonprofit agencies.

Interested parties who do not meet these criteria, including faith-based organizations, consumer organizations, and organizations representing people of color, are encouraged to partner with other agencies that are involved in preparation of the application.

Availability of Funds

Approximately \$3 million will be available in FY 2002 for Capacity Expansion Site Awards. Awards of no more than \$300,000 in total costs (direct and indirect) will be awarded per grant per year. In addition, applicants must provide a non-federal share of 25%. The applicant non-federal share may be made in cash or in kind fairly evaluated,

included planned purchase or use of equipment or implementation or required services for clients in the diversion program.

\$1 million in total costs (direct and indirect) will be awarded during FY 2002 for the Technical Assistance and Policy Analysis (TAPA) Center Award. As part of the collaboration between the Center for Mental Health Services (CMHS) and the Department of Justice (DOJ), the TAPA Center will invest 25% of its technical assistance resources to providing technical assistance to DOJ Mental Health Court grantees and constituents. Conversely, DOJ will mandate that 25% of their Technical Assistance Center(s) budget will be devoted to providing technical assistance to the Capacity Expansion Sites grantees, other mental health grantees, and constituents.

Period of Support

Each Capacity Expansion Site is eligible to receive funding for up to 3 years. Annual awards will be made subject to continued availability of funds and progress achieved by awardees. The Technical Assistance and Policy Analysis Center is eligible to receive funding for up to 4 years. Annual continuation awards will be made subject to continued availability of funds and progress achieved by the TAPA Center grantee.

Criteria for Review and Funding

General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4513-N-08]

Credit Watch Termination Initiative

AGENCY: Office of Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This notice advises of the cause and effect of termination of Origination Approval Agreements taken by HUD's Federal Housing Administration against HUD-approved mortgagees through its Credit Watch Termination Initiative. This notice includes a list of mortgagees which have had their Origination Approval Agreements (Agreements) terminated.

FOR FURTHER INFORMATION CONTACT: The Quality Assurance Division, Office of

Housing, Department of Housing and Urban Development, 451 Seventh St. SW., Room B133-P3214, Washington, DC 20410; telephone (202) 708-2830 (This is not a toll free number). Persons with hearing or speech impairments may access that number via TTY by calling the Federal Information Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: HUD has the authority to address deficiencies in the performance of lenders' loans as provided in the HUD mortgagee approval regulations at 24 CFR 202.3. On May 17, 1999 (64 FR 26769), HUD published a notice on its procedures for terminating origination approval agreements with FHA lenders and placement of FHA lenders on Credit Watch status (an evaluation period). In the May 17, 1999 notice, HUD advised that it would publish in the **Federal Register** a list of mortgagees which have had their Origination Approval Agreements terminated.

Termination of Origination Approval Agreement: Approval of a mortgagee by HUD/FHA to participate in FHA mortgage insurance programs includes an Agreement between HUD and the mortgagee. Under the Agreement, the mortgagee is authorized to originate single family mortgage loans and submit them to FHA for insurance endorsement. The Agreement may be terminated on the basis of poor performance of FHA-insured mortgage loans originated by the mortgagee. The Termination of a mortgagee's Agreement is separate and apart from any action taken by HUD's Mortgagee Review Board under HUD's regulations at 24 CFR part 25.

Cause: HUD's regulations permit HUD to terminate the Agreement with any mortgagee having a default and claim rate for loans endorsed within the preceding 24 months that exceeds 200 percent of the default and claim rate within the geographic area served by a HUD field office, and also exceeds the national default and claim rate. For the eighth review period, HUD is only terminating the Agreement of mortgagees whose default and claim rate exceeds both the national rate and 300 percent of the field office rate.

Effect: Termination of the Agreement precludes that branch(s) of the mortgagee from originating FHA-insured single family mortgages within the area of the HUD field office(s) listed in this notice. Mortgagees authorized to purchase, hold, or service FHA insured mortgages may continue to do so.

Loans that closed or were approved before the Termination became effective may be submitted for insurance
