

Background

On October 18, 2023, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of aluminum lithographic printing plates (printing plates) from China and Japan.¹ Currently, the preliminary determinations are due no later than March 6, 2024.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 6, 2024, the petitioner² submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations, in accordance with 19 CFR 351.205(b)(2).³ The petitioner requests postponement to allow Commerce adequate time to issue supplemental questionnaires and to conduct a thorough analysis in these investigations.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in

accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for these preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than April 25, 2024. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: February 8, 2024.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Final Results and Final Determination of No Shipments of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that no companies under review qualify for a separate rate, and that these companies are, therefore, considered part of the Socialist Republic of Vietnam (Vietnam)-wide entity. Additionally, Commerce determines that certain companies had no shipments of subject merchandise during the period of review (POR), February 1, 2022, through January 31, 2023.

DATES: Applicable February 14, 2024.

FOR FURTHER INFORMATION CONTACT: Jonathan Schueler AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–9175 respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 3, 2023, Commerce published in the **Federal Register** the preliminary results of this administrative review of the antidumping duty order on certain frozen warmwater shrimp from Vietnam.¹ This review covers 118 companies preliminarily determined to be part of the Vietnam-wide entity and four companies preliminarily determined to have no shipments of subject merchandise during the POR.² We invited parties to comment on the *Preliminary Results*.³ No interested party submitted comments. Accordingly, the final results are unchanged from the *Preliminary Results*, with the exception of our treatment of Vietnam Fish One,⁴ and no decision memorandum accompanies this **Federal Register** notice. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The merchandise subject to the *Order* is certain frozen warmwater shrimp from Vietnam. For a full description of the scope of the *Order*, see the *Preliminary Results*.⁶

Final Determination of No Shipments

In the *Preliminary Results*, Commerce found that the following four companies did not have any shipments of subject merchandise during the POR: (1) Bien Dong Seafood Co., Ltd.; (2) Vinh Hoan Corp.; (3) Seavina Joint Stock Company; and (4) BIM Foods Joint Stock

¹ See *Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Preliminary Results, Partial Rescission, and Preliminary Determination of No Shipments of Antidumping Duty Administrative Review; 2022–2023*, 88 FR 75550 (November 3, 2023) (*Preliminary Results*).

² In the *Preliminary Results*, we preliminarily determined that 117 companies under review belong to the Vietnam-wide entity. However, after the publication of the *Preliminary Results*, we determined that, based upon a re-examination of the record, Vietnam Fish One Co., Ltd. (Vietnam Fish One), a company with respect to which we stated we would rescind the review in the *Preliminary Results*, must be included in the Vietnam-wide entity because of its historical *a.k.a.* relationship with Viet Hai Seafood Co., Ltd., a company we preliminarily determined to belong to the Vietnam-wide entity. For a full discussion, see Memorandum, “Status of Vietnam Fish One Co., Ltd.,” dated November 13, 2023 (Vietnam Fish One Status Memorandum).

³ See Petitioner's Letters, “Less-Than-Fair-Value Investigation of Aluminum Lithographic Printing Plates from the People's Republic of China—Petitioner's Request for Postponement of Preliminary Determination,” dated February 6, 2024; and “Less-Than-Fair-Value Investigation of Aluminum Lithographic Printing Plates from Japan—Petitioner's Request for Postponement of Preliminary Determination,” dated February 6, 2024.

⁴ *Id.*

Company.⁷ As we have not received any information to contradict this preliminary finding, Commerce determines that these four companies did not have any shipments of subject merchandise during the POR and will issue appropriate instructions that are consistent with our “automatic assessment” clarification, for these final results.

Final Results of Review

As no parties submitted comments regarding the *Preliminary Results*, Commerce made no changes to its determinations for the final results of this review, with the exception of the treatment of Vietnam Fish One, as discussed above. For these final results, Commerce continues to find that no company under review submitted a timely separate rate application or separate rate certification, and therefore, no company has established eligibility for a separate rate.

Disclosure

Based on the above information, Commerce has not calculated any dumping margins for any companies under review, nor has Commerce granted separate rates to any companies under review. Commerce continues to find that 118 companies under review are part of the Vietnam-wide entity and are subject to the Vietnam-wide entity rate of 25.76 percent (*see* Appendix). Because no party requested a review of the Vietnam-wide entity, and we did not self-initiate a review, the Vietnam-wide entity rate (*i.e.*, 25.76 percent)⁸ is not subject to change as a result of this review. Consequently, there are no calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International

Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

We have not calculated any assessment rates in this administrative review. With regard to the 118 companies identified in the appendix to this notice as part of the Vietnam-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 25.76 percent to all entries of subject merchandise during the POR which were exported by those companies. Additionally, consistent with Commerce’s assessment practice in non-market economy (NME) cases, for any exporter under review which Commerce determined had no shipments of the subject merchandise during the POR, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the NME-wide rate.⁹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Vietnamese and non-Vietnamese exporters that are not under review in this segment of the proceeding but have separate rates, the cash deposit rate will continue to be the exporter’s existing cash deposit rate; (2) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the existing rate for the Vietnam-wide entity of 25.76 percent; and (3) for all non-Vietnamese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of

antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1)(B) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: February 6, 2024.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
