The FCC's maintains Internet software used by the public to apply for licenses, participate in auctions for spectrum, and maintain license information. In this mission, FCC has a 'help desk' that answers questions related to these systems as well as resetting and/or issuing user passwords for access to these systems. The form currently is available on the Web site <https://esupport.fcc.gov/request.htm> under OMB Control Number 3060–1042. This form will continue to substantially decrease public and staff burden since all the information needed to facilitate a support request will be submitted in a standard format but be available to a wider audience. This eliminates or at least minimizes the need to follow-up with the customers to obtain all the information necessary to respond to their request. This form also helps presort requests into previously defined categories to all staff to respond more quickly.

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Privacy Impact Assessment(s):* No impact(s).

*Needs and Uses:* The Commission adopted the Contest Rule in 1976 to address concerns about the manner in which broadcast stations were conducting contests over the air. The Contest Rule generally requires stations to broadcast material contest terms fully and accurately the first time the audience is told how to participate in a contest, and periodically thereafter. In addition, stations must conduct contests substantially as announced. These information collection requirements are necessary to ensure that broadcast licensees conduct contests with due regard for the public interest.

On September 17, 2015, by Report and Order, FCC 15–118, the Commission amended the Contest Rule to permit broadcasters to meet their obligation to disclose contest material terms on an Internet Web site in lieu of making broadcast announcements. Under the amended Contest Rule, broadcasters are required to (i) announce the relevant Internet Web site address on air the first time the audience is told about the contest and periodically thereafter; (ii) disclose the material contest terms fully and accurately on a publicly accessible Internet Web site, establishing a link or tab to such terms through a link or tab on the announced Web site's home page, and ensure that any material terms disclosed on such a Web site conform in all substantive respects to those mentioned over the air; (iii) maintain contest material terms online for at least thirty days after the contest has ended; and (v) announce on air that the material terms of a contest have changed (where that is the case) within 24 hours of the change in terms on a Web site, and periodically thereafter, and to direct consumers to the Web site to review the changes.

#### SUPPLEMENTARY INFORMATION:

*OMB Control Number:* 3060–0010.

*Title:* Ownership Report for Commercial Broadcast Stations, FCC Form 323.

*Form Number:* FCC Form 323.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for profit entities; not-for-profit institutions; State, Local or Tribal Governments.

*Number of Respondents/Responses:* 9,250 respondents; 9,250 responses.

*Estimated Time per Response:* 2.5 hours to 4.5 hours.

*Frequency of Response:*

Recordkeeping requirement; on occasion reporting requirement; biennially reporting requirement.

*Total Annual Burden:* 38,125 hours.

*Total Annual Costs:* \$26,940,000.

*Nature of Response:* Required to obtain or retain benefits. Statutory authority for this collection of information is contained in Sections 154(i), 303, 310 and 533 of the Communications Act of 1934, as amended.

*Nature and Extent of Confidentiality:* Form 323 collects two types of information from respondents: Personal information in the form of names, addresses, job titles and demographic information; and FCC Registration Numbers (FRNs).

The system of records notice (SORN), FCC/MB–1, “Ownership Report for Commercial Broadcast Stations,” which was approved on December 21, 2009 (74 FR 59978) covers the collection, purposes(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 323. FCC Form 323 is drafting a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060–0917). Form 160 requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic CORES Registration System then provides each registrant with a FCC Registration Number (FRN), which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. The Commission maintains a SORN, FCC/OMB–9, “Commission Registration System (CORES)” to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 160. FCC Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need
