I. Funding Opportunity

The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. The purpose of the Community Connect Grant Program is to provide financial assistance in the form of grants to eligible applicants that will provide, on a "community-oriented connectivity" basis, broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services. RUS will give priority to rural areas that it believes have the greatest need for broadband transmission services, based on the criteria contained herein.

Grant authority will be used for the deployment of broadband transmission service to extremely rural, lower-income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept will stimulate practical, everyday uses and applications of broadband by cultivating the deployment of new broadband transmission services that improve economic development and provide enhanced educational and health care opportunities in rural areas. Such an approach will also give rural communities the opportunity to benefit from the advanced technologies that are necessary to achieve these goals. Please see 7 CFR 1739, subpart A for specifics.

This notice has been formatted to conform to a policy directive issued by the Office of Federal Financial Management (OFFM) of the Office of Management and Budget (OMB),

published in the **Federal Register** on June 23, 2003. This Notice does not change the Community Connect Grant Program regulation (7 CFR 1703, subpart A).

1. Submitting applications on paper.

a. Address paper applications for grants to the Rural Utilities Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., Room 5151, STOP 1590, Washington, DC 20250-1590. Applications should be marked "Attention: Assistant Administrator, Telecommunications Program."

c. Due to screening procedures at the Department of Agriculture, packages arriving via the USPS are irradiated, which can damage the contents. RUS encourages applicants to consider the impact of this procedure in selecting their application delivery method.

2. Electronically submitted applications.

a. Applications will not be accepted via facsimile machine transmission or electronic mail.

b. Electronic applications for grants will be accepted if submitted through the Federal government's Grants.gov initiative at <http://www.grants.gov>.

e. RUS encourages applicants who wish to apply through Grants.gov to submit their applications in advance of the deadline.

f. If a system problem occurs or you have technical difficulties with an electronic application, please use the customer support resources available at the Grants.gov Web site.

g. New information for FY 2004 grant. The Community connect Grant Program of RUS now offers applicants the opportunity to submit grant applications online through Grants.gov (<http://www.grants.gov>). The Web site is part of the Government-wide e-Government project under the President's Management Agenda. In addition to online application submission,

Grants.gov offers applicants a fully searchable database of Federal grant opportunities. All Federal grant-making organizations are required to post their grant opportunities at Grants.gov, beginning with FY 2004. You can find more information on e-grants at <http://www.usda.gov/rus/telecom/commconnect.htm> and <http://www.grants.gov>.

(i) Central Contractor Registry. In addition to the DUNS number now required of all grant applicants, submitting an application through Grants.gov requires that you list your organization in the Central Contractor Registry (CCR). Setting up a CCR listing (a one-time procedure with annual updates) takes up to five business days, so RUS strongly recommends that you obtain your organization's DUNS number and CCR listing well in advance of the deadline specified in this notice.

(ii) Credentialing and authorization of applicants. Grants.gov will also require some one-time credentialing and online authentication procedures. These procedures may take several business days to complete, further emphasizing the need for early action to complete the sign-up, credentialing and authorization procedures at Grants.gov before you submit an application at that Web site.

E. *Deadlines.*

V. Application Review Information

A. Criteria.

1. Grant applications are scored competitively and subject to the criteria listed below.

2. Grant application scoring criteria (total possible points: 100) See 7 CFR 1739.17 for the items that will be reviewed during scoring and for scoring criteria.

a. The rurality of the Project (up to 40 points);

b. The economic need of the Project's Service Area (up to 30 points); and

c. The "community-oriented connectivity" benefits derived from the proposed service (up to 30 points).

B. Review standards.

1. All applications for grants must be delivered to RUS at the address and by the date specified in this notice (see also 7 CFR 1739.2) to be eligible for funding. RUS will review each application for conformance with the provisions of this part. RUS may contact the applicant for additional information or clarification.

2. Incomplete applications as of the deadline for submission will not be considered. If an application is determined to be incomplete, the applicant will be notified in writing and the application will be returned with no further action.

3. Applications conforming with this part will then be evaluated competitively by a panel of RUS employees selected by the Administrator of RUS, and will be awarded points as described in the

scoring criteria in 7 CFR 1739.17.

Applications will be ranked and grants awarded in rank order until all grant funds are expended.

4. Regardless of the score an application receives, if RUS determines that the Project is technically or financially infeasible, RUS will notify the applicant, in writing, and the application will be returned with no further action.

C. Selection Process.

Grant applications are ranked by final score. RUS selects applications based on those rankings, subject to the availability of funds.

VI. Award Administration Information

A. Award Notices.

RUS recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents. RUS generally notifies applicants whose projects are selected for awards by faxing an award letter. RUS follows the award letter with a grant agreement that contains all the terms and conditions for the grant. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement.

B. Administrative and National Policy Requirements. The items listed in paragraph IV.B.2.g of this notice, and the Community Connect Grant Program regulation, application guide and accompanying materials implement the appropriate administrative and national policy requirements.

C. Reporting.

1. Performance reporting. All recipients of Community Connect Grant Program financial assistance must provide annual performance activity reports to RUS until the project is complete and the funds are expended. A final performance report is also required; the final report may serve as the last annual report. The final report must include an evaluation of the success of the project. See 7 CFR 1739.19.

2. Financial reporting. All recipients of Community Connect Grant Program financial assistance must provide an annual audit, beginning with the first year a portion of the financial assistance is expended. Audits are governed by United States Department of Agriculture audit regulations. Please see 7 CFR 1739.20.

BILLING CODE 3410-15-P

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

[Docket No. 0407 19210-4210-01]

**Revisions to the Unverified List—
Guidance as to "Red Flags" Under
Supplement No. 3 to 15 CFR Part 732**

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notice.

SUMMARY: On June 14, 2002, the Bureau of Industry and Security ("BIS") published a notice in the **Federal Register** that set forth a list of persons in foreign countries who were parties to past export transactions where pre-license checks ("PLC") or post-shipment verifications ("PSV") could not be conducted for reasons outside the control of the U.S. Government ("Unverified List"). Additionally, on July 16, 2004, BIS published a notice in the **Federal Register** that advised exporters that the Unverified List would also include persons in foreign countries in transactions where BIS is not able to verify the existence or authenticity of the end-user, intermediate consignee, ultimate consignee, or other party to the transaction. These notices advised exporters that the involvement of a listed person as a party to a proposed transaction constitutes a "red flag" as described in the guidance set forth in Supplement No. 3 to 15 CFR Part 732, requiring heightened scrutiny by the exporter before proceeding with such a transaction. The notice also stated that, when warranted, BIS would remove persons from the Unverified List. This notice removes five entities from the Unverified List based upon recently conducted PSVs. The entities are: Shaanxi Telecom Measuring Station, 39 Jixiang Road, Yanta District Xian, Shaanxi, People's Republic of China; Yunma Aircraft Mfg., Yaopu Anshun, Guizhou, People's Republic of China; Civil Airport Construction Corporation, 111 Bei Sihuan Str. East, Chao Yang
