

unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing these permits.

**DATES:** To ensure consideration, please send your written comments by February 21, 2013.

**ADDRESSES:** You may submit comments or requests for copies or more information by any of the following methods. Alternatively, you may use one of the following methods to request hard copies or a CD-ROM of the documents. Please specify the permit you are interested in by number (e.g., Permit No. TE-123456).

- *Email:* [permitsR6ES@fws.gov](mailto:permitsR6ES@fws.gov). Please refer to the respective permit number (e.g., Permit No. TE-123456) in the subject line of the message.

- *U.S. Mail:* Kris Olsen, Permit Coordinator, Ecological Services, U.S. Fish and Wildlife Service, P.O. Box 25486-DFC, Denver, CO 80225.

- *In-Person Drop-off, Viewing, or Pickup:* Call (303) 236-4256 to make an appointment during regular business hours at 134 Union Blvd., Suite 645, Lakewood, CO 80228.

**FOR FURTHER INFORMATION CONTACT:** Kris Olsen, Permit Coordinator Ecological Services, (303) 236-4256 (phone); [permitsR6ES@fws.gov](mailto:permitsR6ES@fws.gov) (email).

**SUPPLEMENTARY INFORMATION:**

**Background**

The Act (16 U.S.C. 1531 *et seq.*) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. Along with our implementing regulations in the Code of Federal Regulations (CFR) at 50 CFR 17, the Act provides for permits, and requires that we invite public comment before issuing these permits.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes applicants to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Applications Available for Review and Comment**

We invite local, State, and Federal agencies, and the public to comment on the following applications. Please refer

to the appropriate permit number (e.g., Permit No. TE-123456) for the application when submitting comments.

Documents and other information the applicants have submitted with these applications are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

**Permit Application Number: TE-89150A**

*Applicant:* Philip Balch, Wildhorse Riverworks, Topeka, Kansas.

The applicant requests a new permit to take (capture, handle, and release) Arkansas River darter (*Notropis girardi*), Neosho madtom (*Noturus placidus*), and Topeka shiner (*Notropis topeka*), in conjunction with habitat restoration activities throughout the range of each species in Kansas, for the purpose of enhancing the species' survival.

**Permit Application Number: TE-038527**

*Applicant:* Scott Campbell, University of Kansas, Kansas Biological Survey, Lawrence, Kansas.

The applicant requests a new permit to take (hold, propagate, and reintroduce) Topeka shiner (*Notropis topeka*), in conjunction with recovery activities in Kansas for the purpose of enhancing the species' survival.

**Permit Application Number: TE-94140A**

*Applicant:* Shawn Silliman, Chaplin Nature Center, Arkansas City, Kansas.

The applicant requests a new permit to take (survey, capture, and tag) American burying beetle (*Nicrophorus americanus*) in conjunction with surveys and population monitoring activities in Kansas for the purpose of enhancing the species' survival.

**National Environmental Policy Act (NEPA)**

In compliance with NEPA (42 U.S.C. 4321 *et seq.*), we have made an initial determination that the proposed activities in these permits are categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement (516 DM 6 Appendix 1, 1.4C(1)).

**Public Availability of Comments**

All comments and materials we receive in response to this request will be available for public inspection, by appointment, during normal business hours at the address listed in the **ADDRESSES** section of this notice.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Authority**

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*)

Dated: January 4, 2013.

**Michael G. Thabault,**

*Assistant Regional Director, Mountain-Prairie Region.*

**Chassahowitzka National Wildlife Refuge, FL; Final Comprehensive Conservation Plan and Finding of No Significant Impact for the Environmental Assessment**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** We, the Fish and Wildlife Service (Service), announce the availability of the final comprehensive conservation plan (CCP) and finding of no significant impact for the environmental assessment for Chassahowitzka National Wildlife Refuge (NWR) in Citrus and Hernando Counties, Florida. In the final CCP, we describe how we will manage this refuge for the next 15 years.

**ADDRESSES:** You may obtain a copy of the CCP by writing to: Mr. Michael Lusk via U.S. mail at Chassahowitzka National Wildlife Refuge, 1502 SE. Kings Bay Drive, Crystal River, FL 34429. Alternatively, you may download the document from our Internet Site, <http://southeast.fws.gov/planning>, under "Final Documents." **FOR FURTHER INFORMATION CONTACT:** Ms. Mary Morris, at 850-567-6202 (telephone), or [crystalriverCCP@fws.gov](mailto:crystalriverCCP@fws.gov) (email).

**SUPPLEMENTARY INFORMATION:**

**Introduction**

With this notice, we finalize the CCP process for Chassahowitzka NWR. We

started the process through a notice in the **Federal Register** on June 8, 2009 (74 FR 27173). For more about the refuge and our planning process, please see that notice.

Located about 60 miles north of Tampa, the 30,843-acre Chassahowitzka NWR was established for wintering waterfowl and other migratory birds. In 1976, Congress designated 23,579 acres of the refuge as "Wilderness." Chassahowitzka NWR is managed as a part of the Crystal River National Wildlife Refuge Complex (Complex).

The refuge's diverse ecosystems, including prime estuarine habitat, hosts a myriad and abundance of flora and fauna. The marshlands, swamplands, shallow bays, and tidal streams provide the quantity and quality of aquatic plant and animal life required to support thousands of wintering waterfowl, marsh birds and waterbirds, shorebirds, fishes, and a variety of animal species that depend on a marine environment. The refuge also has 2,560 acres of hardwood swamplands and 250 acres of upland forest. Notable imperiled species include Florida manatees and an experimental population of whooping cranes introduced to the marsh habitats over a decade ago by means of a partnership.

### Background

#### *The CCP Process*

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

### Comments

We made copies of the Draft Comprehensive Conservation Plan and Environmental Assessment (Draft CCP/

EA) available for a 30-day public review and comment period via a **Federal Register** notice on May 11, 2012 (77 FR 27792). We provided over 125 copies of the Draft CCP/EA to individuals or organizations requesting copies. A total of 22 individuals, organizations, and government agencies provided comments on the Draft CCP/EA by U.S. mail or email. Comments were received from many organizations, including Save the Manatee Club, Inc.; United Waterfowlers of Florida, Inc.; Citrus County Airboat Alliance; Southwest Florida Water Management District; Citrus County Planning; City of Crystal River; National Park Service, Planning and Compliance Division, Southeast Region; U.S. Geological Survey; Florida Fish and Wildlife Conservation Commission; Florida Department of State; and the Florida Clearinghouse.

### CCP Alternatives, Including our Preferred Alternative

We developed three alternatives for managing the refuge (Alternatives A, B, and C), with Alternative C selected for implementation. This alternative relies on our extensive partnerships and promotes some new ones. We will hire a volunteer coordinator to recruit and train a volunteer corps for every program area. This alternative proposes additional staffing (a total of eight new positions for the Complex) to provide optimal resource protection and management capability. Research will include a broader suite of species, as well as habitat studies to adaptively manage for wildlife populations. The impacts of commercial and visitor use and external threats to the refuge will be studied and the results of those studies applied to refuge management and public use. Upland uses will be promoted through the development of improved facilities and access, and an observation platform and kayak landing will be added to the Dog Island facility.

The addition of key positions, such as a law enforcement officer, the volunteer coordinator, and the biological and computer-mapping technicians, will allow for greater resource study, mapping, data analysis, and enforcement. The hiring of a wildlife specialist and office assistant will support staff and provide a dedicated outreach coordinator. Refuge facilities will be improved for both visitor services and personnel. The existing house that serves as the Complex headquarters will be demolished, and a new headquarters and visitor contact station will be built. We will also construct a pole barn near the maintenance shop in which to store equipment, and will make

improvements to the maintenance area and shop. All alternatives provide for "green" options, materials, and energy efficiency in the design and construction of new facilities and in equipment replacement.

### Authority

This notice is published under the authority of the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd et seq.).

Dated: August 17, 2012.

## DEPARTMENT OF THE INTERIOR

### Bureau of Indian Affairs

#### **Santee Sioux Nation—Title XXI—Alcohol, Chapter 1.—Santee Sioux Nation Liquor Control Ordinance**

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice.

**SUMMARY:** This notice publishes the Title XXI—Alcohol, Chapter 1.—Santee Sioux Nation Liquor Control Ordinance. The Ordinance regulates and controls the possession, sale and consumption of liquor within the Indian Country of the Santee Sioux Nation. The land is trust land and this Ordinance allows for the possession and sale of alcoholic beverages within the jurisdiction of the Santee Sioux Nation. This Ordinance will increase the ability of the tribal government to control the distribution and possession of liquor within their jurisdiction, and at the same time will provide an important source of revenue, the strengthening of the tribal government and the delivery of tribal services.

**DATES:** *Effective Date:* This Ordinance is effective January 22, 2013.

**FOR FURTHER INFORMATION CONTACT:** Danelle Daugherty, Tribal Government Officer, Great Plains Regional Office, Bureau of Indian Affairs, 115 4th Avenue SE., Aberdeen, South Dakota 57401, Phone: (605) 226–7376; Fax: (605) 226–7379; or De Springer, Office of Indian Services, Bureau of Indian Affairs, 1849 C Street NW., MS–4513–MIB, Washington, DC 20240; Telephone (202) 513–7640.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Act of August 15, 1953, Public Law 83–277, 67 Stat. 586, 18 U.S.C. 1161, as interpreted by the Supreme Court in *Rice v. Rehner*, 463 U.S. 713
