

burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Guaranty Agency Financial Report.

*OMB Control Number:* 1845–0026.

*Type of Review:* An extension without change of a currently approved collection.

*Respondents/Affected Public:* State, Local, and Tribal Governments; Private Sector.

*Total Estimated Number of Annual Responses:* 432.

*Total Estimated Number of Annual Burden Hours:* 23,760.

*Abstract:* The Department of Education (ED) is requesting renewal by extension of the information collection 1845–0026 for the Guaranty Agency Financial Report. There has been no change to the underlying statute or regulations.

The Guaranty Agency Financial Report is used by a guaranty agency to request payments of reinsurance for defaulted student loans; make payments for amounts due ED, for collections on default and lender of last resort loan (default) claims on which reinsurance has been paid and for refunding amounts previously paid for reinsurance claims. The form is also used to determine required reserve levels for agencies; and to collect debt information as required for the “Report on Accounts and Loans Receivable Due from the Public,” SF 220–9 (Schedule 9 Report) as required by the U.S. Department of Treasury.

Dated: May 16, 2022.

[Docket No. AC22–152–000]

#### Florida Power & Light Company; Notice of Filing

Take notice that on May 12, 2022, Florida Power & Light Company (FPL) submitted a waiver request to the Chief Accountant of the Federal Energy Regulatory Commission (Commission or

FERC) related to Account 165, Prepayments, of the Commission’s Uniform System of Accounts to allow FPL to apply a \$100,000 materiality threshold for recording prepayments on the balance sheet, or alternatively, to apply a 0.5 percent threshold of the prior year ending balance in Account 165 when determining the number of prepayments to record. FPL requests that this waiver is applied prospectively, with a limited duration of ten years if the Commission requires such limitation.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (<http://ferc.gov>) using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission’s Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208–3676 or TTY, (202) 502–8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225

Wilkins Avenue, Rockville, Maryland 20852.

*Comment Date:* 5:00 p.m. Eastern Time on May 23, 2022.

Dated: May 13, 2022.

**Kimberly D. Bose,**  
*Secretary.*

[Docket No. CP21–465–000; CP21–465–001; CP21–465–002]

#### Driftwood Pipeline LLC; Notice of Availability of the Draft Environmental Impact Statement for the Proposed Line 200 and Line 300 Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft environmental impact statement (EIS) for the Line 200 and Line 300 Project (Project), proposed by Driftwood Pipeline LLC (Driftwood) in the above-referenced docket. Driftwood proposes to construct and operate dual 42-inch-diameter natural gas pipelines originating near Ragley in Beauregard Parish, Louisiana southward to a proposed receiver facility near Carlyss in Calcasieu Parish, Louisiana. Additional facilities include one new compressor station, eleven meter stations, six mainline valves, and other aboveground facilities. The Project would provide a maximum seasonal capacity of 5.7 billion cubic feet of natural gas per day to the Lake Charles market. According to Driftwood, its Project would provide enhanced supply access, resilience, and reliability to the natural gas market in the Lake Charles area.

The draft EIS assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with the mitigation measures recommended in the EIS, would result in some adverse environmental impacts, but none that are considered significant. Regarding climate change impacts, the Project’s construction and operation emissions would increase the atmospheric concentration of greenhouse gasses (GHG), in combination with past, present, and future emissions from all other sources. This EIS is not
