BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-264-C]

Application To Export Electric Energy; ENMAX Energy Marketing Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: ENMAX Energy Marketing Inc. (ENMAX) has applied to renew its authority to transmit electric energy

from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before July 17, 2014.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to 202-586-8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. §§ 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. § 824a(e)).

On May 19, 2009, DOE issued Order No. EA-264-B to ENMAX, which authorized ENMAX to transmit electric energy from the United States to Canada as a power marketer for a five-year term using existing international transmission facilities. That authority expired on May 19, 2014. On May 21, 2014, ENMAX filed an application with DOE for renewal of the export authority contained in Order No. EA-264-B for an additional five-year term.

In its application, ENMAX states that it does not own any electric generating or transmission facilities, and it does not have a franchised service area. The existing international transmission facilities to be utilized by ENMAX have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the

address provided above on or before the date listed above.

Comments on the ENMAX application to export electric energy to Canada should be clearly marked with OE Docket No. EA-264-C. An additional copy is to be provided directly to Don Crippen, ENMAX Corporation, 141-50 Avenue SE., Calgary, AB Canada T2G 4S7.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at <http://energy.gov/node/11845>, or by emailing Angela Troy at Angela.Troy@hq.doe.gov.

Issued in Washington, DC, on June 11, 2014.

Brian Mills,

Director, Permitting and Siting, Office of Electricity Delivery and, Energy Reliability.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[OE Docket No. EA-401]

Application To Export Electric Energy; Frontera Generation Limited Partnership and Lonestar Power Marketing LLC for Transfer of Authorization

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of Application.

SUMMARY: Frontera Generation Limited Partnership (Frontera) and Lonestar Power Marketing LLC (Lonestar) have jointly applied to transfer, from Frontera to Lonestar, the authority to transmit electric energy from the United States to Mexico, pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before July 17, 2014.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0350. Because

of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to 202–586–8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On May 22, 2014, Frontera and Lonestar applied to transfer Frontera's existing authority to transmit electric energy from the United States to Mexico, using the electric transmission facilities authorized in Presidential permit PP–206, to Lonestar. DOE's regulations do not permit the voluntary transfer of export authority, but instead require a joint application to rescind the existing authorization and to issue a new authorization in the name of the transferee. DOE will consider this a joint application for a new authorization in the name of Lonestar. Lonestar is requesting expedited treatment of this application and issuance of an Order within 60 days.

In its application, Lonestar states that it does not own any electric generating or transmission facilities, and it does not have a franchised service area. The electric energy that Lonestar proposes to export to Mexico would be energy generated at the Frontera Generation Station. The existing international transmission facilities that Lonestar proposes to use for export have previously been authorized by Presidential permit PP–206, issued pursuant to Executive Order 10485, as amended.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning the Lonestar application to export electric energy to Mexico should

be clearly marked with OE Docket No. EA–401. An additional copy is to be provided directly to Thomas Favinger, Chief Executive Officer, Lonestar Power Marketing LLC, c/o The Blackstone Group L.P., 345 Park Avenue, New York, NY 10154 and to Brooksany Barrowes, Baker Botts L.L.P., 1299 Pennsylvania Ave. NW., Washington, DC 20004. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available by request to the addresses provided above or by accessing the program Web site at <http://energy.gov/node/11845>.

Issued in Washington, DC, on June 11, 2014.

Brian Mills,

Director, Permitting and Siting, Office of Electricity Delivery and, Energy Reliability.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

International Energy Agency Meetings

AGENCY: Department of Energy.

ACTION: Notice of Meetings.

SUMMARY: The Industry Advisory Board (IAB) to the International Energy Agency (IEA) will meet on June 24 and June 25, 2014, at the headquarters of the IEA in Paris, France in connection with a meeting of the IEA's Standing Group on Emergency Questions (SEQ) on the same days, and on June 26, 2014, in connection with a joint meeting of the SEQ and the IEA's Standing Group on the Oil Market (SOM) on that day.

DATES: June 24–26, 2014

ADDRESS: 9, rue de la Fédération, Paris, France

FOR FURTHER INFORMATION CONTACT:

Diana D. Clark, Assistant General Counsel for International and National Security Programs, Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585, 202–586–3417.

SUPPLEMENTARY INFORMATION: In accordance with section 252(c)(1)(A)(i) of the Energy Policy and Conservation Act (42 U.S.C. 6272(c)(1)(A)(i)) (EPCA), the following notice of meetings is provided:

Meetings of the Industry Advisory Board (IAB) to the International Energy Agency (IEA) will be held at the headquarters of the IEA, 9, rue de la Fédération, Paris, France, on June 24, 2014, commencing at 9:30 a.m. and continuing at 9:30 a.m. on June 25, 2014, and on June 26, 2014, commencing at 9:30 a.m. The purpose of this notice is to permit attendance by representatives of U.S. company members of the IAB at a meeting of the IEA's Standing Group on Emergency Questions (SEQ) on June 24–25 at the same location commencing at 9:30 a.m. on both days, and at a joint meeting of the SEQ and the IEA's Standing Group on the Oil Markets (SOM) on June 26 at the same location commencing at 9:30 a.m.. The IAB will also hold a preparatory meeting among company representatives at the same location at 8:30 a.m. on June 25. The agenda for this preparatory meeting is to review the agenda for the SEQ meeting. IAB representatives are also invited to participate in a meeting of the Emergency Response Exercise design group at 5:30 p.m. on June 25.

The agenda of the SEQ meetings on June 24 and June 25 is under the control of the SEQ. It is expected that the SEQ will adopt the following agenda:

1. Adoption of the Agenda
2. Approval of the Summary Record of the 141st Meeting
3. Status of Compliance With IEP Stockholding Commitments
4. Emergency Response Review Program
5. Emergency Response Review of Belgium
6. Mid-Term Emergency Response Review of France
7. Emergency Response Exercise 7 Update
8. Outreach
 - Update on Association
 - Colombia
 - China
9. Program of Work
10. Emergency Response Exercise 7 Delegates-only Exercise
 - Welcome
 - Scenario 1 (Oil)—Introduction
 - Breakout Groups
 - Plenary for Scenario 1
 - Scenario 2 (Gas)—Introduction and Plenary Discussion
11. Energy Supply Security Publication
12. Saving Oil in a Hurry
13. Indonesian Emergency Response Assessment
14. Mid-Term Emergency Response Review of Switzerland
15. Asia Pacific Energy Research Center (APEREC)
16. Emergency Response Review of Ireland
