[Docket No. FV04-932-1 FIR]

Olives Grown in California; Decreased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: The Department of Agriculture (USDA) is adopting, as a final rule, without change, an interim final rule that decreased the assessment rate established for the California Olive Committee (committee) for the 2004 and subsequent fiscal years from \$13.89 to \$12.18 per ton of olives handled. The

committee locally administers the marketing order regulating the handling of olives grown in California.

Authorization to assess olive handlers enables the committee to incur expenses that are reasonable and necessary to administer the program. The fiscal year began January 1 and ends December 31. The assessment rate will remain in effect indefinitely unless modified, suspended, or terminated.

DATES: *Effective Date:* June 21, 2004.
