

via livequestions@fcc.gov. Requests for other reasonable accommodations or for materials in accessible formats for people with disabilities should be submitted via email to: fcc504@fcc.gov or by calling the Consumer and Governmental Affairs Bureau at (202) 418-0530. Such requests should include a detailed description of the accommodation needed and a way for the FCC to contact the requester if more information is needed to fill the request. Requests should be made as early as possible; last minute requests will be accepted but may not be possible to accommodate.

Proposed Agenda: At this meeting, the DAC is expected to discuss or receive updates on (i) a working group report and recommendation on the transmittal of audio description files to Internet Protocol programming; (ii) a working group report and recommendation on Direct Video Calling best practices and outreach; and (iii) any other topics relevant to the DAC's work.

Federal Communications Commission.

Suzanne Singleton,

Chief, Disability Rights Office, Consumer and Governmental Affairs Bureau.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0813, OMB 3060-0987; FR ID 157352]

Information Collections Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the

information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before September 26, 2023. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0813.
{PRIVATE}

Title: Section 9.10, Enhanced 911 Emergency Calling Systems.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other-for-profit and State, local and Tribal governments.

Number of Respondents and Responses: 675 Respondents; 567 Responses.

Estimated Time per Response: 0.5-1 hours.

Frequency of Response: One-time third-party disclosure requirements.

Obligation to Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, and 403.

Total Annual Burden: 527 hours.

Total Annual Cost: No cost.

Needs and Uses: The information collection entailed in a Public Safety Answering Point (PSAP) request is necessary to initiate E911 service and serves as notice to the CMRS provider. The notification requirement on PSAPs will be used by the carriers to verify that wireless E911 calls are referred to PSAPs who have the technical capability to use the data to the caller's

benefit. If the carrier challenges the validity of the request, the request will be deemed valid if the PSAP making the request provides the following information:

A. Cost Recovery. The PSAP must demonstrate that a mechanism is in place by which the PSAP will recover its costs of the facilities and equipment necessary to receive and utilize the E911 data elements;

B. Necessary Equipment. The PSAP must provide evidence that it has ordered the equipment necessary to receive and utilize the E911 data elements; and

C. Necessary Facilities. The PSAP must demonstrate that it has made a timely request to the appropriate local exchange carrier for the necessary trunking and other facilities to enable E911 data to be transmitted to the PSAP.

In the alternative, the PSAP may demonstrate that a funding mechanism is in place, that it is E911 capable using a Non-Call Path Associated Signaling technology, and that it has made a timely request to the appropriate LEC for the necessary ALI database upgrade.

OMB Control Number: 3060-0987.

Title: 911 Callback Capability; Non-initialized Handsets (47 CFR 9.10(o)(1)(i-iii), 9.10(o)(2)(i-iii)).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Businesses or other for-profit.

Number of Respondents and Responses: 595 respondents; 225,595 responses.

Estimated Time per Response: 0.01094882 hour (range of 30 seconds for labeling each handset to one hour for each respondent's public education effort).

Frequency of Response: Third-party disclosure requirement.

Obligation to Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. 154, 160, 201, 251-254, 303, and 332 unless otherwise noted.

Total Annual Burden: 2,470 hours.

Total Annual Cost: No Cost.

Needs and Uses: In 2003, the Commission modified 47 CFR 20.18(l) to further improve the ability of public safety answering points (PSAPs) to respond quickly and efficiently to calls for emergency assistance made from non-service initialized wireless mobile handsets. In 2019, 47 CFR 20.18 was renumbered as 47 CFR 9.10.

Accordingly, we have updated the references to section 20.18 with section 9.10. See 84 FR 66716. Non-service-initialized wireless mobile handsets (non-initialized handsets) are not

registered for service with any Commercial Mobile Radio Service (CMRS) licensee. A non-initialized handset lacks a dialable number, but is programmed to make outgoing 911 calls. The Commission addressed issues arising from the inability of a PSAP operator to call back a 911 caller who becomes disconnected when using a non-service-initialized wireless handset. These requirements also apply to manufacturers of 911-only handsets that are manufactured after May 3, 2004.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

[File No. P222100]

Horseracing Integrity and Safety Authority Enforcement Rule Modification

AGENCY: Federal Trade Commission.

ACTION: Notice of Horseracing Integrity and Safety Authority (HISA) proposed rule modification; request for public comment.

SUMMARY: The Horseracing Integrity and Safety Act of 2020 recognizes a self-regulatory nonprofit organization, the Horseracing Integrity and Safety Authority, which is charged with developing proposed rules on a variety of subjects. Those proposed rules and proposed rule modifications take effect only if approved by the Federal Trade Commission. The Authority submitted to the Commission a proposed rule modification on Enforcement on May 31, 2023. The Office of the Secretary of the Commission determined that the proposal complied with the Commission's rule governing such submissions. This document publicizes the Authority's proposed rule modification's text and explanation, and it seeks public comment on whether the Commission should approve or disapprove the proposed rule modification.

DATES: If approved, the HISA proposed rule modification would take effect upon approval, and the Commission must approve or disapprove the proposed rule modification on or before September 26, 2023. Comments must be received on or before August 11, 2023.

ADDRESSES: Interested parties may file a comment online or on paper by following the instructions in the Comment Submissions part of the

SUPPLEMENTARY INFORMATION section below. Write “HISA Enforcement Rule Modification” on your comment and file your comment online at <https://www.regulations.gov>. If you prefer to file your comment on paper, mail your comment to the following address: Federal Trade Commission, Office of the Secretary, 600 Pennsylvania Avenue NW, Suite CC–5610 (Annex H), Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT: John H. Seesel (202–326–2702), Associate General Counsel, Office of the General Counsel, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580.

Background

The Horseracing Integrity and Safety Act of 2020¹ recognizes a self-regulatory nonprofit organization, the Horseracing Integrity and Safety Authority (“HISA” or “the Authority”), which is charged with developing proposed rules on a variety of subjects. Those proposed rules and proposed rule modifications take effect only if approved by the Federal Trade Commission.² The proposed rules and rule modifications must be published in the **Federal Register** for public comment.³ Thereafter, the Commission has 60 days from the date of publication to approve or disapprove the proposed rule or rule modification.⁴

Pursuant to Section 3053(a) of the Horseracing Integrity and Safety Act of 2020 and Commission Rule 1.142, notice is hereby given that, on May 31, 2023, the Authority filed with the Federal Trade Commission an Enforcement proposed rule modification and supporting documentation as described in Sections I and II of this

publication, which Items have been prepared by the Authority. The Office of the Secretary of the Commission determined that the filing complied with the Commission's rule governing such submissions.⁵ The Commission publishes this notice to solicit comments on the proposed rule modification from interested persons.

I. Self-Regulatory Organization's Statement of the Background, Purpose of, and Statutory Basis for the Proposed Rule Modification

a. Background and Purpose

The Horseracing Integrity and Safety Act of 2020 (“Act”) recognizes that the establishment of a national set of uniform standards for racetrack safety and medication control will enhance the safety and integrity of horseracing. On December 20, 2021, the Authority filed with the Commission the Rule 8000 Series, which establishes penalties and adjudicatory procedures for the enforcement of rules promulgated by the Authority. The Rule 8000 Series was published in the **Federal Register** on January 26, 2022,⁶ and approved by the Commission by Order dated March 25, 2022.⁷

In its Order, the Commission directed the Authority to file modifications to several provisions in the Rule Series 8000, including a modification which “further defines the meaning of “object” and “device” within proposed Rule 8400(a)(2)’s list of items eligible for seizure (“medication, drug, substance, paraphernalia, object, or device”) and that provides a process for the return of seized property if no violation is found.”⁸ In a subsequent Order dated September 23, 2022, which approved the proposed modifications to the Rule 8000 Series, the Commission directed the Authority to further refine the language pertaining to the Authority's power to seize items.⁹

The Authority therefore proposes the rule modifications described in this publication in order to fulfill the Commission's directive. The proposed
