SUPPLEMENTARY INFORMATION:

Title: Untreated Oranges, Tangerines, and Grapefruit from Mexico Transiting the United States to Foreign Countries.

OMB Number: 0579-0303.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into or their dissemination within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service.

The plant quarantine safeguard regulations in title 7, Code of Federal Regulations, part 352 allow certain products or articles that are classified as prohibited or restricted under other regulations in title 7 to be moved into or through the United States under certain conditions. Such articles include fruits and vegetables that are moved into the United States for: (1) A temporary stay where unloading or landing is not intended; (2) unloading or landing for transshipment and exportation; (3) unloading or landing for transportation and exportation; or (4) unloading and entry at a port other than the port of first arrival. Fruits and vegetables that are moved into the United States under these circumstances are subject to inspection and must be handled in accordance with conditions assigned under the safeguard regulations to prevent the introduction and dissemination of plant pests.

In accordance with § 352.30, untreated oranges, tangerines, and grapefruit from Mexico may be moved into or through the United States in transit to foreign countries under certain conditions to prevent the introduction of plant pests into the United States. These conditions involve the use of an information collection that includes an Application for Permit to Transit Plants and/or Plant Products, Plant Pests, and/or Associated Soil Through the United States (Plant Protection and Quarantine Form 586).

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: Shippers.

Estimated annual number of respondents: 25.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 25.

Estimated total annual burden on respondents: 12.5 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 19th day of June 2013.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: Importation of Shepherd's Purse from the Republic of Korea into the United States.

OMB Number: 0579-0366.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. As authorized by the PPA, the Animal and Plant

Health Inspection Service (APHIS) regulates the importation of fruits and vegetables from certain parts of the world as provided in "Subpart—Fruits and Vegetables" (7 CFR 319.56 through 319.56–58).

In accordance with these regulations, APHIS allows the importation of shepherd's purse with roots from the Republic of Korea into the United States under certain conditions to prevent the introduction of plant pests into the United States. As a condition of entry, fresh shepherd's purse must be produced in accordance with a systems approach that includes requirements for importation of commercial consignments, pest-free place of production, and inspection for quarantine pests by the national plant protection organization (NPPO) of the Republic of Korea. These conditions involve certain information collection activities, including sampling, issuance of a phytosanitary certificate, recordkeeping, and production site registration.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.54 hours per response.

Respondents: Importers of fruits and vegetables, the NPPO of the Republic of Korea.

Estimated annual number of respondents: 54.

Estimated annual number of responses per respondent: 5.62.

Estimated annual number of responses: 304.

Estimated total annual burden on respondents: 163 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of

information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Northwest Region Federal Fisheries Permits.

OMB Control Number: 0648–0203.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 586.

Average Hours per Response: Limited entry permit (LEP) renewal, 20 minutes; LEP transfer, 30 minutes; ownership interest form, 10 minutes; Exempted Fishery Permit (EFP) proposal, 32 hours; pre-season plan, 16 hours; data reports, 2 hours; summary reports, 24 hours.

Burden Hours: 983.

Needs and Uses: This request is for a revision and extension of a currently approved information collection.

The Magnuson-Stevens Act (16 U.S.C. 1801) provides that the Secretary of Commerce is responsible for the conservation and management of marine fisheries resources in Exclusive Economic Zone (3–200 miles) of the United States (U.S.). NOAA Fisheries, Northwest Region manages the Pacific Coast Groundfish Fishery in the Exclusive Economic Zone (EEZ) off Washington, Oregon, and California under the Pacific Coast Groundfish Fishery Management Plan. The regulations implementing the Pacific Groundfish Fishery require that those individuals participating in the limited entry fishery have a valid limited entry permit. Participation in the fishery and access to a limited entry permit has been restricted to control the overall harvest capacity.

NOAA Fisheries seeks comment on the extension of permit information collections required for: (1) Renewal and transfer of Pacific Coast Groundfish limited entry permits; (2) implementation of certain provisions of the sablefish permit stacking program as provided for at 50 CFR 660.231 and 660.25; and (3) issuing and fulfilling the terms and conditions of certain exempted fishing permits (EFPs).

Revisions: (1) Addition of a mandatory question to the renewal form to determine if a permit owner registered to a permit is considered a small business as defined by the Small Business Act. This information assists regional staff in preparing initial and final regulatory flexibility analyses required as part of various rulemakings. (2) Certification statement on the ownership interest, transfer and renewal forms will include a clause that the individual making the certification
