

conveyance under the provisions of Sec. 14(a) of the Alaska Native Claims Settlement Act of December 18, 1971, 43 U.S.C. 1601, 1613(a), will be issued to NANA Regional Corporation, Inc., for the village of Kiana. The lands involved are in the vicinity of Kiana, Alaska.

Serial No. and land description	Acreage
Kateel River Meridian, Alaska F-14874-K: T. 19 N., R. 6 W., Secs. 21, 22, 23, 27 & 28	3,200.00
F-14874-K: T. 20 N., R. 9 W., Secs. 4 to 8, inclusive	3,030.66
F-14874-K: T. 17 N., R. 8 W., Secs. 5 & 6	1,162.15
Aggregating	7,392.81

A notice of the decision will be published once a week, for four (4) consecutive weeks, in the Arctic Sounder Newspaper. Copies of the decision may be obtained by contacting the Alaska State Office of the Bureau of Land Management, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513-7599 (907) 271-5960.

Any party claiming a property interest which is adversely affected by the decision, an agency of the Federal government or regional corporation, shall have until June 9, 2000 to file an appeal. However, parties receiving service by certified mail shall have 30 days from the date of receipt to file an appeal. Appeals must be filed in the Bureau of Land Management at the address identified above, where the requirements for filing an appeal may be obtained. Parties who do not file an appeal in accordance with the requirements of 43 CFR part 4, subpart E, shall be deemed to have waived their rights.

Nora A. Benson,

*Land Law Examiner, ANCSA Team Branch
of 962 Adjudication.*

Proposed Plan Amendment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: Notice is hereby given that the Bureau of Land Management (BLM) has proposed a plan amendment to the California Desert Conservation Area Plan (1980) to partially exempt a

proposed fiber optic cable right-of-way from designated utility corridors.

DATES: Written scoping comments must be received no later than June 13, 2000.

ADDRESSES: Written scoping comments should be addressed to the District Manager, El Paso Fiber Optic Cable, California Desert, 6221 Box Springs Blvd., Riverside, California 92507.

FOR FURTHER INFORMATION CONTACT: James L. Williams (909) 697-5390.

SUPPLEMENTARY INFORMATION: El Paso Energy Communication Co. has proposed to construct a buried fiber optic cable from Texas, through New Mexico, Arizona and terminating in Los Angeles, California. The cable is inside a six inch conduit and is proposed to be placed within or alongside existing roads and highways in a one foot wide 42 inch deep trench. The California portion begins at the City of Blythe and proceeds northwest along the Midland Road to its intersection with State Highway 62 where it proceeds west along side the highway to east of the City of Twentynine Palms where proceeds westerly on roads to State Highway 247. The fiber optic cable then continues west along State Highway 47, then State Highway 18, then State Highway 138 and then State Highway 14 into Los Angeles. The proposed right-of-way is a permanent 10 feet with a temporary 15 feet for construction purpose. The proposed right-of-way is not within a designated California Desert Plan (1980) utility corridor and, therefore, does not conform to the Desert Plan. A plan amendment is required to exempt it from the Desert Plan utility corridors.

Dated: May 3, 2000.

Douglas Romoli,

Acting District Manager.

National Park Service

Notice of Availability of a Draft Supplement to the Final Environmental Impact Statement for Completion of the Natchez Trace Parkway, Tennessee, Alabama, Mississippi (1978)

SUMMARY: In accordance with Section 102(2)(c) of the National Environmental Policy Act of 1969 (Public Law 91-190, as amended), this notice announces the availability of the Draft Supplement (DSEIS) to the Final Environmental Impact Statement for Natchez Trace Parkway which was published in 1978.

This supplement is for the construction of Section 3P13 of the Natchez Trace Parkway through Ridgeland, Mississippi. The DSEIS evaluates the environmental consequences associated with the proposed action and the other alternatives on local traffic and transportation routes, cultural resources, wetlands, visual quality, visitor experience, economics and land use, and impact on nearby residents, among other topics.

DATES: This DSEIS will be on public review for 60 days following the date of Environmental Protection Agency's (EPA) publication of their notice of the DSEIS in the **Federal Register**. A public meeting will be scheduled no less than 30 days from publication of EPA's notice but during the 60 day review period. Time and place of the public meeting will be scheduled at a later date and will be publicized in area newspapers. Those listed on the Natchez Trace Parkway's database who have shown interest in the proposed project will be notified personally by letter from the Parkway Superintendent.

ADDRESSES: Public reading copies of the Natchez Trace Parkway's Section 3P13 DSEIS will be available for public review at the following locations:

1. Natchez Trace Parkway Headquarters, 2680 Natchez Trace Parkway, Tupelo, Mississippi 38804, (662) 680-4004
2. Jackson/Hinds Library System, Eudora Welty Library, 300 North State Street, Jackson, Mississippi 39201, (601) 968-5809 (This is the Headquarters or main library in Jackson.)

FOR FURTHER INFORMATION CONTACT: For copies of the DSEIS or additional information, please contact: Wendell A. Simpson, Superintendent, Natchez Trace Parkway, 2680 Natchez Trace Parkway, Tupelo, Mississippi 38804, Telephone: (662) 680-4004.

SUPPLEMENTARY INFORMATION: The Natchez Trace Parkway was established in 1938 to commemorate the Old Natchez Trace, a primitive network of trails that stretched from Natchez, Mississippi, to Nashville, Tennessee. Designed to follow the alignment of the historic trace as closely as the requirements of modern road construction allows, the Natchez Trace Parkway will upon completion, extend diagonally from Natchez to Nashville, a distance of approximately 444 miles.

The completion of a continuous parkway motor road between Natchez and Nashville by the National Park Service has been underway for more than 60 years. A decision on and construction of this short segment of the
