

progress of the grantees. Grantee goals are to: Improve access to needed services, reduce rural practitioner isolation, improve health system productivity and efficiency, and improve patient outcomes. In each of these categories, specific indicators were designed to be reported through a performance monitoring Web site.

The Program Assessment Response Tool (PART) is the newest instrument created for use by Federal agencies. The

Office of Management and Budget (OMB) uses the PART to assess Federal programs. The PART is a series of diagnostic questions used to assess and evaluate programs across a set of performance-related criteria including program design and purpose, strategic planning, program management, and results. PART results are used to inform the budget process and improve program management. OAT's Telehealth Network Grant Program has been

undergoing a PART assessment this year. Thus, in addition to responding to the GPRA initiative, OAT now has the added responsibility of responding to the PART assessment of its Telehealth Network Grant Program. The proposed performance measures will provide performance data that will address the PART assessment, monitor progress, and evaluate program effectiveness.

The estimates of burden are as follows:

Form	Number of respondents	Responses per respondent	Total responses	Hour burden	Total burden hours
Performance Measurement Tool	667	2	1,334	7	9,338

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on

proposed data collection projects (44 U.S.C. 3506(c)(2)(A)), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Data System for Organ Procurement and Transplantation Network (42 CFR Part 121, OMB No. 0915-0184): Extension

The operation of the Organ Procurement and Transplantation Network (OPTN) necessitates certain recordkeeping and reporting requirements in order to perform the functions related to organ transplantation under contract to HHS. This is a request for an extension of the current recordkeeping and reporting requirements associated with the OPTN. These data will be used by HRSA in monitoring the contracts for the OPTN and the Scientific Registry of Transplant Recipients (SRTR) and in carrying out other statutory responsibilities. Information is needed to match donor organs with recipients, to monitor compliance of member organizations with OPTN rules and requirements, to ensure that all qualified entities are accepted for membership in the OPTN, and to ensure patient safety.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA)

publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: The Organ Procurement and Transplantation Network (OMB No. 0915-0286)—Extension

The Organ Procurement and Transplantation Network (OPTN) necessitates certain record keeping and reporting requirements in order to perform the functions related to organ transplantation under contract to HHS.

OMB requires review and approval of record keeping and reporting requirements associated with the final rule governing the operation of the OPTN (42 CFR part 121) related to Secretarial review and appeals. There are record keeping and reporting requirements associated with the process for filing appeals in the case where applicants are rejected for membership or designation in the OPTN. To date, no appeals have been filed. The burden requirements for this process are minimal. The estimate of burden for this process consists of preparing a letter requesting reconsideration and compiling supporting documentation.

The estimated annual burden is as follows:

Section of final rule	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
42 CFR 121.3(c)(4) Appeal for OPTN membership	2	1	2	3	6
42 CFR 121.9(d) Appeal for designation	2	1	2	6	12
Total	4		4		18

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Karen Matsuoka, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: May 11, 2007.
