

discussion of the specific procedures, equipment, and conditions required for the commercial manufacture of the pesticide chemical shall not be incorporated into the product chemistry portion of the Registration Eligibility Decision (RED) document; however, this information will be summarized in referenced memoranda, in appendices labeled "Confidential." The data mentioned in this unit will be used to perform tasks 1–4 of the Performance Work Statement.

The OPP has determined that access by Versar, Inc. and its subcontractor, Syracuse Research Corporation, to information on all pesticide chemicals is necessary for the performance of this contract.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(2), the contract with Versar, Inc. and its subcontractor, Syracuse Research Corporation, prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, Versar, Inc. and its subcontractor, Syracuse Research Corporation, are required to submit, for EPA approval, a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Versar, Inc. and its subcontractor, Syracuse Research Corporation, until the requirements in this document have been fully satisfied. Records of information provided to Versar, Inc. and its subcontractor, Syracuse Research Corporation, will be maintained by EPA's Project Officers for this contract. All information supplied to Versar, Inc. and its subcontractor, Syracuse Research Corporation, by EPA for use in connection with this contract will be returned to EPA when Versar, Inc. and its subcontractor, Syracuse Research Corporation, have completed their work.
