

Census Bureau plans to conduct two follow-up mailings and an optional third follow-up if deemed necessary based on check-in. Nonrespondents may receive a certified mailing for the second and third follow-up mailings. The Census Bureau may also plan to conduct an email follow-up to select respondents reminding them to submit their report in the electronic instrument. Closeout of mail operations is scheduled for December 2019. Upon the close of the collection period, the response data will be processed, edited, reviewed, tabulated, and released publicly.

Starting with the 2019 calendar year, the Annual Business Survey will use the collection year in the survey name rather than a single reference year. The ABS includes questions from multiple reference periods and Census felt this change would better reflect the collection cycle of the survey. Therefore, the 2019 collection will be referred to as the 2019 Annual Business Survey (rather than the 2018 Annual Business Survey).

Statistics from the ABS will be used by government program officials, industry organization leaders, economic and social analysts, business entrepreneurs, and domestic and foreign researchers in academia, business, and government. Estimates produced on owner demographic data may be used to assess business assistance needs, allocate available program resources, and create a framework for planning, directing, and assessing programs that promote the activities of disadvantaged groups; to assess minority-owned businesses by industry and area and to educate industry associations, corporations, and government entities; to analyze business operations in comparison to similar firms, compute market share, and assess business growth and future prospects. Estimates produced on research and development and innovation may be used to compare R&D costs across industries, determine where R&D activity is conducted geographically, and identify the types of businesses with R&D; to contribute to the Bureau of Economic Analysis (BEA) system of national accounts; to increase investments in research and development, strengthen education, and encourage entrepreneurship; and to compare business innovation in the United States to other countries, including those in the European Union.

Additional examples of data use include:

- The Small Business Administration (SBA) and the Minority Business Development Agency (MBDA) to assess business assistance needs and allocate available program resources.

- Local government commissions on small and disadvantaged businesses to establish and evaluate contract procurement practices.

- Federal, state and local government agencies as a framework for planning, directing and assessing programs that promote the activities of disadvantaged groups.

- The National Women's Business Council to assess the state of women's business ownership for policymakers, researchers, and the public at large.

- Consultants and researchers to analyze long-term economic and demographic shifts, and differences in ownership and performance among geographic areas.

- Individual business owners to analyze their operations in comparison to similar firms, compute their market share, and assess their growth and future prospects.

Additional questions on the 2019 ABS for technology will measure the effect of technology on the workforce including, the number of workers and the skill mix of workers.

Certain Oil Country Tubular Goods From Turkey: Rescission of Antidumping Duty Administrative Review; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain oil country tubular goods from Turkey for the period September 1, 2017, through August 31, 2018.

DATES: Effective February 11, 2019.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0665.

SUPPLEMENTARY INFORMATION:

Background

On September 11, 2018, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on certain oil country tubular goods (OCTG) from Turkey for the period of review (POR) September 1, 2017, through August 31, 2018.¹ On September 28, 2018, the petitioners, United States Steel Corporation, Maverick Tube Corporation, Tenaris Bay City, Inc., TMK IPSCO, Vallourec Star, L.P., and Welded Tube USA, requested an administrative review of the order with respect to Çayirova Boru San A.Ş., Çayirova Boru Sanayi ve Ticaret A.Ş. and Yücel Boru İthalat-İhracat ve Pazarlama A.Ş. (collectively, Yücel), HG Tubulars Canada Ltd., Tosçelik Profil ve Sac Endüstrisi A.Ş. and Tosyalı Dış Ticaret A.Ş. (collectively, Tosçelik), and Yücelboru İhracat, İthalat.² On November 15, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on OCTG from Turkey with respect to these companies.³ On December 13, 2018, the petitioners timely withdrew their request for an administrative review concerning these companies.⁴ No other party requested a review.

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁵ If the new deadline falls on a

non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the preliminary results in this review is now July 12, 2019.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review "in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." The petitioners withdrew their request for review before the 90-day deadline. Because we received no other requests for review of Çayirova Boru San A.Ş., Yücel, HG Tubulars Canada Ltd., Tosçelik, and Yücelboru İhracat, İthalat, we are rescinding the administrative review of OCTG from Turkey covering the period September 1, 2017, through August 31, 2018, in full, in accordance with 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of OCTG from Turkey during the POR at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which

Shutdown of the Federal Government," dated January 28, 2019. All deadlines in this segment of the proceeding have been extended by 40 days.
