

therefore, it contains built-in safeguards to limit access and visibility of this information. DMHRSi uses role-based security so a user sees only the information for which permission has been granted. It uses state-of-the-market 128-bit encryption security for our transactions. It is DIACAP certified having been subjected to and passed thorough security testing and evaluation by independent parties. It meets safeguards specified by the Privacy Act of 1974 in that it maintains a published Department of Defense (DoD) Privacy Impact Assessment and System of Record covering Active Duty Military, Reserve, National Guard, and government civilian employees, to include non-appropriated fund employees and foreign nationals, DoD contractors, and volunteers. DMHRSi is hosted in a secure facility managed by the Defense Information Systems Agency. A detailed Privacy Act Statement appears prior to system access. As an HR system, DMHRSi will collect and store Social Security Numbers (SSN). Although DMHRSi issues each individual a distinctive employee number, collection of SSNs is required for successful continuity of operations within DoD and interoperability with federal organizations external to DoD. As the DoD and other federal organizations migrate from the use of the SSN as a primary means of identification in accordance with executive guidelines, DMHRSi will reduce usage. Protection of personally identifiable information (PII) is required by federal statutes and policy and DoD guidelines and regulations. Future capabilities include an even greater reduction in access and full encryption of PII.

AGENCY: Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics/Defense Standardization Program Office, DoD.

ACTION: Notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the

Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by March 30, 2015.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350-3100.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.
