On December 19, 2003, the Department published the preliminary determination in this administrative review. *See Stainless Steel Wire Rods from India: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 68 FR 70765 (December 19, 2003).

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results of an antidumping duty review within 120 days of the date on which the preliminary results are published. However, if the Department concludes that it is not practicable to issue the results by the original deadline, it may extend the 120-day period to 180 days. Completion of the final results of this review within the 120-day period is not practicable because information critical to the review has recently been brought to the attention of the Department. As a result, the official record of the review is being reopened so this information can be entered into the record. Additionally, allowance of sufficient time for parties to submit comments and rebuttals on the augmented official record makes issuance of the final results of the review within the 120-day period impracticable.

Therefore, we are extending the time period for issuing the final results of the review by 30 days until May 17, 2004. This notice is issued and published in accordance with section 751(a)(3)(A) of the Act, and section 351.213(h)(2) of the Department's regulations.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration, Group III.
