## 3. Eligible Applicants for Grants: CMOs.

Under section 4310(3) of the ESEA, “charter management organization” means a nonprofit organization that operates or manages a network of charter schools linked by centralized support, operations, and oversight.

Eligible applicants may apply individually or as part of a group or consortium.

As a general matter, the Secretary considers charter schools that have been in operation for more than five years to be past the initial implementation phase and, therefore, ineligible to receive CSP funds under ALN 84.282M for the replication of a high-quality charter school; however, such schools may receive CSP funds under ALN 84.282M for the expansion of a high-quality charter school.

*Note:* Under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization

is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant’s certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

4. *Priorities:* This notice includes one competitive preference priority and one invitational priority.

*Competitive Preference Priority:* For FY 2025, and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(iv), the priority is from the notice of final priorities, requirements, definitions, and selection criteria for CSP CMO Grants published in the **Federal Register** on November 30, 2018 (83 FR 61532) (2018 NFP) and implements a priority authorized under section 4305(b)(5) of the ESEA. We award up to 8 additional points to an application that meets the Competitive Preference Priority.

An applicant must identify on the abstract form and in the project narrative section of its application the priority for purposes of earning competitive preference priority points. The Department will not review or award points for a competitive preference priority if an applicant fails to clearly identify it as a competitive preference priority that it wishes the Department to consider for purposes of awarding competitive preference priority points.

The priority is:

*Competitive Preference Priority—Reopening Academically Poor-Performing Public Schools as Charter Schools (up to 8 points).*

Under this priority, applicants must—

(i) Demonstrate past success working with one or more *academically poor-performing public schools*; and

(ii) Propose to use grant funds under this program to reopen one or more academically poor-performing public schools as charter schools during the project period by—

(A) Replicating one or more high-quality charter schools based on a successful charter school model for which the applicant has provided evidence of success; and

(B) Targeting a demographically similar student population in the

replicated charter schools as was served by the academically poor-performing public schools, consistent with nondiscrimination requirements contained in the U.S. Constitution and Federal civil rights laws. (2018 NFP)

*Invitational Priority:* For FY 2025, and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

The priority is:

*Invitational Priority—Encouraging Innovative Charter School Models.*

*Background:* Charter schools are a key pillar in providing access to education choice, empowering parents and families to seek the best learning environment for their children and fostering innovation in education models that address the unique needs of students across the country. Through this competition, the Department is interested in supporting further innovation in charter schools, and for this reason, we have included an Invitational Priority to encourage the growth of high-quality charter school models that employ innovative practices to meet the needs of students and provide parents and families with high-quality options for their children.

*Priority:* The Secretary is particularly interested in applications that propose a high-quality charter school model that focuses on one or more of the following: classical and civics education; science, technology, engineering, and mathematics (STEM) education, including computer science; career and technical education; or other innovative educational practices with evidence of success; or serving students with particularly unique needs, such as students with disabilities or receiving special education or related services, military-connected students, students living in rural areas, or Native American students.

*Note:* Applicants that propose to reopen academically poor-performing public schools as charter schools under Competitive Preference Priority are encouraged to replicate high-quality charter school models with one or more of the focuses listed above, to the extent practicable and appropriate.

5. *Requirements:* The application requirements in this notice are from sections 4303(f)(1)<sup>2</sup> and 4305(b)(3) of

<sup>2</sup>Per section 4305(c) of the ESEA, CSP CMO Grants have the same terms and conditions as

the ESEA and the 2018 NFP. The Department will not fund an application that does not meet each application requirement. Applicants must clearly identify the application requirement they are addressing in the project narrative.

*Application Requirements:*

Under section 4303(d)(5) of the ESEA, the Secretary, in her discretion, may waive any statutory or regulatory requirement over which she exercises administrative authority, except the requirements related to the definition of “charter school” in section 4310(2), provided that the waiver is requested in an approved application and the Secretary determines that granting the waiver will promote the purposes of the CSP.

For example, a CMO applicant may request approval from the Department for a waiver of requirements in section 4303(h) of the ESEA regarding use of funds to use funds for sustained costs (e.g., personnel costs for school leaders or instructional staff, software subscriptions, student assessments, etc.) throughout the life of the grant, provided that such costs are necessary to replicate or expand high-quality charter schools and that the charter school can demonstrate that it will maintain financial sustainability after the end of the subgrant period.

In assessing the applicant's performance and use of funds under a previous or

existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved and the results of any Departmental grant monitoring, including the applicant's progress in remedying any deficiencies identified in such monitoring.

We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

### III. Application and Submission Information

#### 1. Application Submission

*Instructions:* Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on December 23, 2024 (89 FR 104528), and available at <https://www.federalregister.gov/d/2024-30488>, which contain requirements and information on how to submit an application.

*2. Submission of Proprietary Information:* Given the types of projects that may be proposed in applications for this competition, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define "business information" and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600 (Predisclosure Notification Procedures for Confidential Commercial Information), please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under "Other Attachments Form," please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

*3. Intergovernmental Review:* This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

### IV. Application Review Information

*1. Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, completion of grant activities, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

*2. Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

*3. Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds

\$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

### V. Award Administration Information

*1. Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

*2. Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

*3. Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

*4. Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. See the standards in 2 CFR 170.105 to

determine whether you are covered by 2 CFR part 170.

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

(c) Under 34 CFR 75.254, the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

6. *Project Directors' Meeting:* Applicants approved for funding under this competition must attend a meeting for project directors during each year of the project. The meeting may be held virtually or in person at a location to be determined in the continental United States. Applicants may include, if applicable, the cost of attending these meetings in their proposed budgets as allowable administrative costs.

7. *Technical Assistance:* Applicants approved for funding under this competition will be required to participate in all general and certain specified technical assistance offerings, to include but not limited to, other on-site gatherings sponsored by the Department and its contracted technical

assistance providers and partners throughout the life of the grant.

### Purpose

Under the PRA (44 U.S.C. 3501-3520), Federal Agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes Agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal Agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the EAC is publishing notice of the proposed collection of information set forth in this document.

HAVA requires that the EAC certify voting systems. Section 231(a)(1) of HAVA (52 U.S.C. 20971) specifically requires the EAC to "provide for the testing, certification, decertification and recertification of voting system hardware and software by accredited laboratories." To meet this obligation, the EAC has created a voluntary testing and certification program to test voting systems to federal voting system standards.

The program is publishing four forms. These are to be used to collect key information concerning voting system manufacturers and their systems, as well as information regarding anomalies in voting systems used in federal elections. These forms collect:

- The voting system manufacturer registration form collects information on the ownership, contact details for certain directors and senior staff, and the quality processes for manufacturers who wish to participate in the EAC's Testing and Certification program.
- The voting system application collects administrative information on
