

H. Other Information

1. Protection of Confidential Business Information

All information submitted as part of or in support of any application shall use publicly available data or data that can be made public and methodologies that are accepted by industry practice and standards, to the extent possible. If the applicant submits information that the applicant considers to be a trade secret or confidential commercial or financial information, the applicant must provide that information in a separate document, which the applicant may cross-reference from the application narrative or other portions of the application. For the separate document containing confidential information, the applicant must do the following: (1) State on the cover of that document that it “Contains Confidential Business Information (CBI)”; (2) mark each page that contains confidential information with “CBI”; (3) highlight or otherwise denote the confidential content on each page; and (4) at the end of the document, explain how disclosure of the confidential information would cause substantial competitive harm. DOT will protect confidential information complying with these requirements to the extent required under applicable law. If DOT receives a Freedom of Information Act (FOIA) request for the information that the applicant has marked in accordance with this section, DOT will follow the procedures described in its FOIA regulations at 49 CFR 7.29. Only information that is in the separate document, marked in accordance with this section, and ultimately determined to be confidential under § 7.29 will be exempt from disclosure under FOIA.

2. Publication/Sharing of Application Information

Following the completion of the selection process and announcement of awards, DOT intends to publish a list of all applications received along with the names of the applicant organizations and funding amounts requested. Except for the information properly marked as described in Section H.1., DOT may make application narratives publicly available or share application information within DOT or with other Federal agencies if DOT determines that sharing is relevant to the respective program’s objectives.

3. Department Feedback on Previous Applications

DOT strives to provide as much information as possible to assist applicants with the application process.

DOT will not review applications in advance, but DOT staff are available for technical questions and assistance. To efficiently use Department resources, DOT will prioritize interactions with applicants who have not already received a debrief on their FY 2020 RAISE grant application. Program staff will address questions received at RAISEgrants@dot.gov throughout the application period. DOT staff will make reasonable efforts to schedule meetings on projects through May 15, 2021. After that date, DOT staff will schedule meetings only to the extent possible and consistent with timely completion of other activities.

Issued in Washington, DC, on April 16, 2021.

Peter Paul Montgomery Buttigieg,
Secretary of Transportation.
