McFarland Cascade Holdings, Inc./Stella-Jones Corporation (McFarland Cascade) submitted a notification of proposed production activity to the FTZ Board for its facility in Tacoma, Washington, within Subzone 86H. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 15, 2017.

McFarland Cascade's facility is requesting export-only FTZ authority for its wood product treatment operations. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt McFarland Cascade from customs duty payments on the foreign-status components used in export production. The company has requested authority to produce the following products for export under FTZ procedures: Treated agriculture posts and treated landscape timbers (spruce-pine-fir, Hemlock fir, Douglas fir, larch, aspen); treated plywood (Douglas fir, Larch); treated Hem Fir Lumber; and, treated spruce pine fir lumber. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Untreated agriculture posts and untreated

landscape timbers (spruce-pine-fir, Hemlock fir, Douglas fir, larch, aspen), untreated plywood (Douglas fir, Larch), untreated Hem Fir Lumber, and untreated spruce pine fir lumber (all at zero percent duty rate). The request indicates that the proposed foreign-status components are subject to ongoing antidumping/countervailing duty (AD/CVD) investigations. The FTZ Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders be admitted to the zone in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 18, 2017.

(Fujian Rongshu), Rong Shu Industry Corporation (Rong Shu), and Xiamen Yi He Textile Co., Ltd. (Xiamen Yi He) made no shipments of subject merchandise during the POR. Further, we are rescinding the review with respect to Maple Ribbon Co., Ltd. (Maple Ribbon). We invite all interested parties to comment on these preliminary results.

DATES: Effective June 8, 2017.

FOR FURTHER INFORMATION CONTACT: David Crespo, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3693.

SUPPLEMENTARY INFORMATION:

Background

On September 30, 2016, the Department received a timely request, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), from Berwick Offray LLC and its wholly-owned subsidiary Lion Ribbon Company, LLC (the petitioner) to conduct an administrative review of the sales of Fujian Rongshu, Maple Ribbon, Rong Shu, and Xiamen Yi He.¹ On November 9, 2016, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on NWR from Taiwan with respect to these four companies.²

On November 23, 2016, the Department received timely notices from Fujian Rongshu, Rong Shu, and Xiamen Yi He notifying the Department that they that they did not export or sell subject merchandise to the United States during the POR.³

On February 2, 2017, the petitioner timely withdrew its request for an administrative review with respect to Maple Ribbon.⁴ In this same month, we

confirmed Fujian Rong Shu's and Xiamen Yi He's no shipment claims with the U.S. Customs and Border Protection (CBP). We also attempted to confirm Rong Shu's claim with CBP; however, after review of the CBP data on the record of this case, we requested additional information from CBP related to certain POR entries of merchandise produced by Rong Shu.⁵

In April 2017, the Department placed these entry documents on the record. In this same month, Rong Shu submitted factual information to clarify that the products covered by these entry documents were not subject to the review.⁶

During April and May 2017, we requested that Rong Shu provide additional information related to its sales of non-subject ribbon to the United States during the POR.⁷ Rong Shu responded to these requests⁸ in May 2017. No other interested party commented on these submissions.

Scope of the Order

The scope of this order covers narrow woven ribbons with woven selvedge, in any length, but with a width (measured at the narrowest span of the ribbon) less than or equal to 12 centimeters, composed of, in whole or in part, man-made fibers (whether artificial or synthetic, including but not limited to nylon, polyester, rayon, polypropylene, and polyethylene terephthalate), metal threads and/or metalized yarns, or any combination thereof. Narrow woven ribbons subject to the order may:

- Also include natural or other non-man-made fibers;
- be of any color, style, pattern, or weave construction, including but not limited to single faced satin, double-faced satin, grosgrain, sheer, taffeta, twill, jacquard, or a combination of two or more colors, styles, patterns, and/or weave constructions;
