It may also be used to modify or renew an existing license, cancel a license, withdraw a pending application, obtain a duplicate license, submit required notifications, request an extension of time to satisfy construction requirements, or request an administrative update to an existing license (such as mailing address change), request a Special Temporary Authority (STA) or a Developmental License.

The FCC Form 601 is revised to add a National Security Certification that is applicable to applicants for licenses issued as a result of the Middle Class Tax Relief and Job Creation Act of 2012 (2012 Spectrum Act). Section 6004 of the 2012 Spectrum Act, 47 U.S.C 1404, prohibits a person who has been, for reasons of national security, barred by any agency of the Federal Government from bidding on a contract, participating in an auction, or receiving a grant from participating in any auction that is required or authorized to be conducted pursuant to the 2012 Spectrum Act.

Additionally, the FCC Form 601 is being revised to update the Alien Ownership certifications pursuant to the Second Report and Order FCC 13–50 IB Docket 11–133 Review of Foreign Ownership Policies for Common Carrier and Aeronautical Radio Licensees under section 310(b)(4) of the Communications Act of 1934, as Amended.

The Commission will use the information to ensure H Block licensees' compliance with required filings of notifications, certifications, regulatory status changes, and applicable performance benchmarks. Also, such information will be used to verify whether H Block applicants and, in the context of the national security certification requirement, whether other applicants for Spectrum Act licenses are legally and technically qualified to hold licenses; and to determine compliance with Commission rules. Any submissions made through the Universal Licensing System must be filed electronically.
