### Republication of Notice of Lodging of Consent Decrees Under the Lead-Based Paint Hazard Act

Notice is hereby given that on October 9, 2001, a proposed consent decree in *United States, et al., v. East Lake Management and Development Corp.*, Civil Action No. 01 C 7581, and on October 11, 2001, a proposed consent decree in *United States, et al., v. Wolin-Levin, Inc.*, Civil Action No. 01 C 7580, were lodged with the United States District Court for the Northern District of Illinois. Notice of the lodging of these consent decrees was first published by the Department of Justice in the **Federal Register** on November 15, 2001 (66 FR 57 483). The Department of Justice is republishing the notice of lodging because mail delivery problems associated with anthrax mailings to government offices have precluded the Department of Justice's receipt of public comments. To avoid additional delays related to such problems, the Department of Justice is requesting that any comments that were submitted under the original notice of lodging be resubmitted to the U.S. Attorney's Office for the Northern District of Illinois, as set forth below.

The consent decrees settle claims against management agents of several residential apartment buildings in Chicago, Illinois, which were brought on behalf of the Department of Housing and Urban Development and the Environmental Protection Agency under the Residential Lead-Based Paint Hazard Reduction Act 42 U.S.C. 4851 *et seq.* ("Lead Hazard Reduction Act"). The United States alleged in each of its complaints that the defendants failed to provide information to tenants concerning lead-based paint hazards, and failed to disclose to tenants the presence of any known lead-based paint or any known lead-based paint hazards.

Under both consent decrees, defendants have agreed to provide the required notice and disclosures, to perform inspections at the buildings for the presence of lead-based paint, and to perform lead-based paint abatement. In addition, under each decree, each defendant will pay a penalty of \$25,000 to be divided among the United States, the State of Illinois, Cook County, and the City of Chicago. Lastly, each of the consent decrees calls for the performance of Child Health Improvement Projects ("CHIPs"), which are projects proposed by HUD to address issues of childhood lead poisoning in Chicago. Wolin-Levin, Inc., will contribute \$100,000 as a CHIP to
