

exemption in *Trans-Global Solutions, Inc.—Continuance in Control Exemption—TGS Cedar Port Railroad*, Docket No. FD 36628, in which TGS seeks to continue in control of TGSC upon TGSC's becoming a Class III rail carrier.

According to the verified notice, the Line is owned by TGSC's affiliate, TGS Cedar Port Partners LP (TGSLP), also a noncarrier, is currently operated as private industrial track by TGSC's parent company, Trans-Global Solutions, Inc. (TGS), and connects to ancillary track within the TGS Cedar Port Industrial Park (the Park). TGSC states it has reached an agreement with TGSLP pursuant to which TGSC will acquire the right to conduct railroad common carrier service on the Line on or after the effective date of the exemption. TGSC also states that this service, including on the ancillary track within the Park, will constitute the entirety of TGSC's railroad operations, and as such, that the Board has jurisdiction over the proposed common carrier service under *Effingham Railroad—Petition for Declaratory Order—Construction at Effingham, Ill.*, 2 S.T.B. 606, 608 (1997) and *Effingham Railroad—Operation Exemption—Line Owned by Agracel*, FD 33468 (STB served Sept. 24, 1997).

TGSC certifies that its projected annual revenue will exceed \$5 million but that the proposed transaction will not result in TGSC becoming a Class I or Class II rail carrier. TGSC states advance notice under 49 CFR 1150.32(e) is not required because there are currently no common carrier operations on the Line. TGSC also states the proposed transaction will not contractually limit its ability to interchange traffic with any third-party connecting carrier.

The transaction may be consummated on or after August 6, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 29, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36627, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must

be served on TGSC's representative, Robert A. Wimbish, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606-3208.

According to TGSC, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Decided: July 18, 2022.

Norfolk Southern Railway Company (NSR) has filed a verified notice of exemption under 49 CFR 1180.2(d)(7) for acquisition of overhead trackage rights over 3.1 miles of rail line leased by Union County Industrial Railroad Company (UCIR) and owned by West Shore Railroad Corporation between NSR milepost BR 246.9, near Milton, Pa., and UCIR milepost 172.62, near New Columbia, Pa. (the Line).

The transaction may be consummated on or after August 5, 2022, the effective date of the exemption.

As a condition to this exemption, any employees affected by the acquisition of the trackage rights will be protected by the conditions imposed in *Norfolk & Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980).

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of

a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 29, 2022 (at least seven days before the exemption becomes effective).

[Docket No. FD 36628]

Trans-Global Solutions, Inc.— Continuance in Control Exemption— TGS Cedar Port Railroad LLC

Trans-Global Solutions Inc. (TGS), a noncarrier, has filed a verified notice of exemption under 49 CFR 1180.2(d)(2) to continue in control TGS Cedar Port Railroad LLC (TGSC), a noncarrier controlled by TGS, upon TGSC's becoming a Class III rail carrier. According to the verified notice, the proposed transaction will allow TGS to continue to exercise common control of TGSC and one other rail carrier, Austin Area Terminal Railroad, Inc. (AATR).

This transaction is related to a concurrently filed verified notice of exemption in *TGS Cedar Port Railroad LLC—Operation Exemption—in Chambers County, Tex.*, Docket No. FD 36627, in which TGSC seeks to begin common carrier operations over approximately 1.28 miles of presently unregulated track in Chambers County, Tex.

The verified notice states that TGS controls AATR, a Class III railroad that retains operating authority on certain

rail lines in and around Austin, Tex.¹ TGSi certifies the proposed transaction does not include a provision restricting future interchange with a third-party connecting carrier.

TGSi represents that: (1) the rail line to be operated by TGSC would not connect with the tracks over which AATR retains operating authority; (2) the control transaction is not part of a series of anticipated transactions that would result in such a connection; and (3) the transaction does not involve a Class I rail carrier. The proposed transaction is therefore exempt from the prior approval requirements of 49 U.S.C. 11323 pursuant to 49 CFR 1180.2(d)(2).

The transaction may be consummated on or after August 6, 2022, the effective date of the exemption (30 days after the verified notice was filed).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. However, 49 U.S.C. 11326(c) does not provide for labor protection for transactions under 49 U.S.C. 11324 and 11325 that involve only Class III rail carriers. Because this transaction involves Class III rail carriers only, the Board, under the statute, may not impose labor protective conditions for this transaction.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 29, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36628, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on TGSi's representative, Robert A. Wimbish, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606-3208.

According to TGSi, this action is categorically excluded from environmental review under 49 CFR

1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel's coastwise endorsement eligibility. Comments should refer to the vessel name, state the commenter's interest in the application, and address the eligibility criteria given in section 388.4 of MARAD's regulations at 46 CFR part 388.
