

State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

Background

On June 24, 2015, the Commission released a public notice extending the deadlines for filing comments and reply comments in response to Section IV.B of the *Special Access FNPRM* (78 FR 2600, January 11, 2013) in the Commission's special access rulemaking proceeding until September 25, 2015 and October 16, 2015, respectively. Previous comment period extensions have been published in the **Federal Register**. The latest comment period extension was published in the **Federal Register** on April 27, 2015 (80 FR 23248), to extend the comment and reply comment deadlines to July 1 and July 22, 2015, respectively. On December 11, 2012, the Commission adopted an order requiring providers and purchasers of special access service and certain entities providing "best efforts" service to submit data and information for a comprehensive evaluation of the special access market. In Section IV.B of the *Special Access FNPRM* accompanying that order, the Commission sought comment on potential changes to its rules governing the special access services provided by incumbent local exchange carriers in price cap areas. The Bureau is in the process of allowing

access to the data collected for interested parties to review pursuant to restrictions found in the previously issued protective order, but has yet to make the data available. As a result, interested parties will not have adequate time to access and review the information collected prior to the current July 1 and July 22, 2015 comment and reply comment deadlines.

Accordingly, the Bureau hereby further extends the deadline for filing comments to September 25, 2015, and for filing reply comments to October 16, 2015.

Federal Communications Commission.

Pamela Arluk,

Chief, Pricing Policy Division, Wireline Competition Bureau.
