DEPARTMENT OF ENERGY

Bonneville Power Administration

Lyle Falls Fish Passage Project

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of availability of Record of Decision (ROD).

SUMMARY: This notice announces the availability of the ROD to implement the Proposed Action identified in the Lyle Falls Fish Passage Project EIS (DOE/EIS-0397, November 2008). BPA has decided to fund modifications to the existing Lyle Falls Fishway on the lower Klickitat River (river mile 2.2) in Klickitat County, Washington to improve fish passage to the upper part of the Klickitat River watershed. In addition to improving fish passage, the modifications will facilitate collection and monitoring of biological information for future fishery management and enhance opportunities for adult salmonids to access and use habitat in the upper Klickitat River. The EIS was cooperatively prepared by BPA, the Confederated Tribes and Bands of the Yakama Nation (Yakama Nation), the U.S. Forest Service (USFS), and the Washington Department of Fish and Wildlife (WDFW).

ADDRESSES: Copies of the ROD and EIS may be obtained by calling BPA's toll-free document request line, 1-800-622-4520. The ROD and EIS Summary are also available on our Web site, http://www.efw.bpa.gov/environmental_services/Document_Library/Lyle_Falls/.

FOR FURTHER INFORMATION, CONTACT: Mr. Carl J. Keller, Environmental Project Manager, Bonneville Power Administration KEC-4, P.O.Box 3621, Portland, Oregon 97208-3621; telephone number 1-503-230-7692; fax

number 503-230-5699; or e-mail cjkeller@bpa.gov.

SUPPLEMENTARY INFORMATION: The lower 10.8 miles of the Klickitat River are designated as a recreational river segment under the National Wild and Scenic Rivers Act. The USFS administers this portion of the Klickitat River and its corridor. The fishway at Lyle Falls is owned by WDFW and operated by the Yakama Nation. The existing fishway does not function effectively, particularly during low flows, and does not comply with fish passage standards established by the National Marine Fisheries Service and WDFW. The improvements will facilitate migration for spring and fall Chinook salmon, coho salmon, steelhead trout, Pacific lamprey, and bull trout, but the primary benefits will be to fall Chinook and coho salmon.

In addition to increasing fish production in the Klickitat River, the project will contribute to an increase in fish production in the Columbia River Basin. The project will also help BPA fulfill its Federal Columbia River Power System off-site mitigation responsibilities under the Pacific Northwest Electric Power Planning and Conservation Act, and its responsibilities under the Endangered Species Act.

Issued in Portland, Oregon, on February 20, 2009.

Stephen J. Wright,

Administrator and Chief Executive Officer.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8778-2]

EPA Science Advisory Board Staff Office; Request for Nominations of Experts To Augment the Science Advisory Board Exposure and Human Health Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The SAB Staff Office is requesting the nomination of experts to augment the Science Advisory Board (SAB) Exposure and Human Health Committee (EHHC) to review updated values for EPA's Integrated Risk Information System (IRIS).

DATES: Nominations should be submitted by March 23, 2009 per instructions below.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further

information regarding this Request for Nominations may contact Dr. Sue Shallal, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 343-9977; by fax at (202) 233-0643; or via e-mail at shallal.suhair@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: EPA's Office of Research and Development has initiated a process for updating the values currently found in the Integrated Risk Information System (IRIS) database. The intent of the IRIS Update Project is to review all dose-response assessment values (oral reference doses [RfDs], inhalation reference concentrations [RfCs], cancer slope factors, and inhalation unit risks) in IRIS that have a posting date more than 10-years old. Further information on the IRIS Update process can be found at the following URL: <http://cfpub.epa.gov/ncea/cfm/recordisplay.cfm?deid=204063>. ORD has requested that the Science Advisory Board (SAB) conduct a pilot review of draft assessments for several chemicals.

The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice, consultation and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. In response to ORD's request, the SAB Staff Office will augment the SAB Exposure and Human Health Committee (EHHC) with additional experts to review EPA's draft assessments of several IRIS chemicals. The augmented EHHC will comply with the provisions of the Federal Advisory Committee Act (FACA) and all appropriate SAB procedural policies. Upon completion, the panel's report will be submitted to the chartered SAB for final approval for transmittal to the EPA Administrator. The augmented EHHC is being asked to comment on the scientific soundness of nine draft assessments.

Availability of the Review Materials:

The EPA draft assessments to be reviewed by the augmented EHHC will be made available by the Office of Research and Development at the following URL: <http://cfpub.epa.gov/ncea/cfm/recordisplay.cfm?deid=204063>. For questions and information concerning the review materials, please contact Dr. Chon Shoaf, at (919) 541-4155, or shoaf.chon@epa.gov.

Request for Nominations: The SAB Staff Office is requesting nominations of nationally recognized experts with

expertise in one or more of the following areas: chemical toxicology and risk assessment, including reproductive/developmental toxicology, neurotoxicity and carcinogenicity; and dose-response assessment.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals for possible service on the augmented EHHC in the areas of expertise described above. Nominations should be submitted in electronic format (which is preferred over hard copy) following the instructions for "Nominating Experts to Advisory Panels and Ad Hoc Committees Being Formed" provided on the SAB Web site. The form can be accessed through the "Nomination of Experts" link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. To receive full consideration, nominations should include all of the information requested.

EPA's SAB Staff Office requests contact information about: The person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Dr. Sue Shallal, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than March 23, 2009.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to the **Federal Register** notice and additional experts identified by the SAB Staff will be posted on the SAB Web site at <http://www.epa.gov/sab>. Public comments on this "Short List" of candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced subcommittee or review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced

by work history and affiliation), and the collective breadth of experience to adequately address the charge. In establishing the augmented EHHC, the SAB Staff Office will consider public comments on the "Short List" of candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, for the Panel as a whole, (f) diversity of, and balance among, scientific expertise, viewpoints, etc.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EC-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: February 23, 2009.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection Requirement Submitted to OMB for Review and Approval, Comments Requested

February 24, 2009.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before April 1, 2009. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via Internet at Nicholas_A_Fraser@omb.eop.gov or via fax at (202) 395-5167 and to Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC or via Internet at Cathy.Williams@fcc.gov or PRA@fcc.gov. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal
